

POLICY AND REGULATION IMPLEMENTATION

The superintendent is responsible for carrying out the policies and regulations approved by the Board.

Regulations are the detailed requirements governing the school and through which the school district will operate. The regulations must be in every respect consistent with the policies adopted by the Board.

All new regulations intended to be implemented by the superintendent shall, to the maximum extent possible under the circumstances, be submitted to the Board of Education prior to implementation, and if not so possible then within thirty (30) days of implementation.

All existing regulations implemented by the superintendent, not previously approved by the Board of Education, shall be submitted to the Board for review within a timeframe as determined by the Board.

The policies developed by the Board and the regulations developed to implement policy are designed to promote an effective and efficient school system. Board members, school district employees and students, volunteers, guests and vendors are required to comply with all school board policies and regulations.

Policies and regulations adopted by the Board are public documents.
