

Spartan STRONG - Kindness Challenge

April, 2020

April 15, 2020

Dear Families,

This Friday, the students of Scott M. Ellis are going to participate in our very own **Kindness Challenge!** The activities are designed to help us **THINK** before we act or speak. Sometimes it is easy to say and do the “right thing,” and sometimes it is really hard. If we **THINK** first, we can be Spartan STRONG!

During the **Kindness Challenge**, students will be able to watch a pre-recorded “assembly,” have the opportunity to join a Google Meet with one of our administrators, and then complete projects that will help children demonstrate a little “extra” kindness to their family.

The **Kindness Challenge** projects will replace our regular reading, writing, and math lessons for the day. We want children to remember that being kind is as important as being a great reader! Please encourage your children to do their best work! We will celebrate our students’ kindness projects by giving one Dawson Dollar for each project completed and shared at: kindnesschallenge@greenvillecsd.org

Student projects, and/or emailed descriptions will be used to create a Gallery of Kindness for all of our school to see (via the District website). Have Fun!

We can’t wait to hear about or see their **Kindness Challenge** projects!!!

Mr. Mahan and Mr. Hash
