

# tips for requesting

## START SMALL

Start by showing your kiddo 2 choices. If your kiddo responds to 2 choices, you can add more choices.

\*Remember reaching is considered requesting!

Pictures are GREAT! BUT objects work wonderful too! So if your kiddo does not respond to the pictures, no worries, try the object.

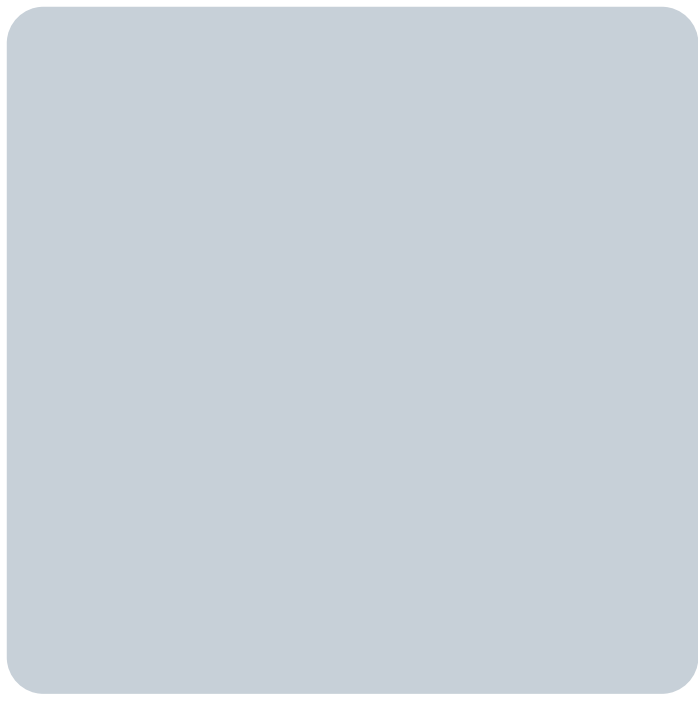

**TRY your best to only give your kiddo his/her want IF he/she requests (reaching counts) for it. EVEN if you have to guide his/ her hand to it.**

# Directions

- Cut out the pictures.
- Show your kiddo the choices.  
Allow your kiddo to make requests. ( If no reaching or spoken words, try to guide his/her hand to the desired object, then give the child the object.  
Reaching for an item counts as requesting.
- Put the picture in the box next to I want.
- EXPAND- by saying "I want..."
- Give your kiddo desired object.
