

April 17, 2020

The Richmond R-XVI School District is currently working on developing plans for how the school year will be closed out and how students and staff members can return to the buildings to retrieve their personal items and to return any District resources. More information will be sent out over the next couple of weeks.

Thank you for your patience, understanding, and flexibility during these times of uncertainty. The District will continue to provide updates as information becomes available.
