Dr. Thomas Lind, Superintendent

Mrs. Kim Schafer, Executive Assistant

04/17/2020

Good Afternoon,

Today Governor JB Pritzker announced that schools across Illinois will remain closed for the rest of the year. I was hopeful we would be able to return to school in May, and our halls would once again be filled with children. However, it is clear by today's announcement that will not happen. It is important to remember we will return as soon as it is safe to do so. Both Nippersink SD 2 and Richmond-Burton CHSD 157 will continue their extended learning programs for the remainder of the school year. Our administrators, teachers, and staff members have done a commendable job embracing this new challenge, and will continue to serve your children and see that their educational needs are met.

I want to thank all of the parents and guardians of our districts' children who have sacrificed their own time and stepped up to partner with us in educating the youth of our community. Without the support and help from families, we could not make this extended learning program work.

Early next week, your child's school principal will be communicating more specific details regarding extended learning at each school. They will also address the cancellation or rescheduling of end of the year events. Please feel free to contact your child's principal regarding any specific questions you may have.

Sincerely,

Tom Lind

Dr. Tom Lind
Superintendent
