April 17, 2020

Parents, Students and Staff,

While we are disappointed that we will not be able to reopen our schools, we understand the importance of ensuring the safety of our students, families and staff. The extended Safer at Home order and the decision to close schools until the end of the school year has not changed our commitment to providing a high-quality education for every student.

We miss our students and families. During this closure, we will continue to dedicate ourselves to providing the best possible education we can offer through our "Learning at Home" program. We will soon be launching a more robust "learning at home" plan for students in grades 7-12. The elementary school staff will continue to utilize learning packets and online learning options for its students. I am very proud of the work that I have seen by our students, parents and our staff. Please keep up the great work! Keep doing the very best you can!

Our district staff and School Board members all understand that the extension of the closure impacts many of our students' milestone events (senior awards, prom, graduation, etc.). Please know, we are working to reschedule or create alternative celebrations to acknowledge these important moments for our students.

We will be sending out additional communication with more details as plans are finalized, including how families will be able to pick up school supplies and personal effects from lockers, medication from the office and plans for refunding any fees that have been paid for cancelled events. We will also look to get information out to families in May regarding any summer school offerings.

Our meal program will continue to operate at least through June 5th. We hope to continue into the summer but are awaiting guidance from the state regarding the summer meal program.

Once again, thank you for your patience, understanding, and flexibility during this unprecedented time. We will get through this together. Please continue to stay safe, practice social distancing, and follow CDC recommendations.

Sincerely,

Mr. Felhofer
District Administrator
