April 20, 2020

Covid 19 update for summer youth baseball and softball:

Over the last few weeks the town representatives from area towns who participate in the Sac River League have been working on summer plans. The latest decisions have been to push the summer season back one month. The season would have started with practices in early April. We have decided to push everything back one month with the hopes of starting practices at some point in May. The hope is to start practices in May and then start games in June. This will be contingent upon the state allowing activities to resume. As town representatives we will continue to monitor the situation and I will send out updates as decisions are made in regards to the summer schedule. If the season has to be pushed back beyond May we will have to decide between pushing it back to a later start date or just cancelling the season for the summer of 2020. It is our hope that we will get to play some summer ball. As more information becomes available I will post additional letters to our school website and facebook page.

Respectfully,

Clay Lasater

Superintendent Lockwood Schools
