Fayetteville-Perry Elementary School

In order to represent the most accurate assessment of student performance (that would have been achieved in a normal classroom setting), year-end grades will be calculated using the student's average for the first three quarters of the 2019-2020 school year. The fourth nine weeks (pass/fail grade) will not be included in that calculation.

Fayetteville High School / Middle School

For the fourth quarter, students in Fayetteville-Perry High School and Middle School will receive no LOWER than a 70% for course work. Teachers will continue to assign and grade student work; they will continue to assign (unadjusted) grades for work as they normally would, and they will continue to input those grades on Progress Book at a rate of two grades per week. At the end of the quarter, after all quarter grades have been submitted, final fourth quarter grades will be adjusted by administration based on the rubric below.

COVID-19 Fourth Quarter Grading Rubric:

Original Quarter 4 Grade on Progress Book	Adjusted Quarter 4 Grade on Progress Book
0-60%	Will be adjusted to 70%
61-89 %	Will be adjusted 10 points higher than grade received
90-100 %	Will be adjusted to 100%
	No student will receive a grade higher than 100% for 4 th quarter

Grade adjustments will be completed prior to calculation of GPA and prior to report cards being issued to students.
