

Dear OJSH Students and Parents,  
 Each teacher in our building will be holding a virtual class once each week on the day and time listed below. Your student should be able to log into either their school email or their Google calendar and find an invite to the meeting. Click on the link in that invite and it should take the student to Google Meet where the virtual class will be held. Math classes will be using an on-line curriculum, so will not have weekly meetings, but will make contact through the program. Contact your child's teacher with questions or issues. If you do not have internet access and would like a teacher to call you, please contact the office at 541-782-2231 and we will ask your teacher to call you.
