

Continuous Learning Plan

Au Gres-Sims School District

On April 20, 2020, Au Gres-Sims will begin our Continuous Learning Plan for all students, Preschool through 12th Grade. Throughout this plan, students will be provided daily assignments to sharpen and hone their academic skills during this extended school closure. Most importantly, students will be in regular contact with their teachers, and other staff members, to help support their social and emotional health during this unique time. Our primary focus for the remaining six (6) weeks of scheduled instructional time is to maintain connections with students and staff, allow for interactions between classmates, and assist students in coping with the major changes that this pandemic has brought to our society. We intend to build upon the strong relationships that our instructors have established with our students to support our learners and families moving forward.

INSTRUCTIONAL METHODS

Instructional materials will focus on keeping existing skills sharp.

Packets will be distributed on Mondays from 11-1 (during food distribution) starting April 20, 2020.

*Teachers will provide a newsletter in each packet for additional guidance.

If students chose online instruction, this will also begin on April 20, 2020.

*Teachers will provide additional information via their chosen digital platform.

CONNECTIONS

Teachers will be connecting with your student(s) in the following ways:

- **Weekly personal phone calls or ZOOM Meetings**
- **Scheduled office hours when teachers are available to communicate directly with students**
- **Weekly class check-ins**

Teachers will provide specific times in your initial informational newsletter!

SOCIAL AND EMOTIONAL SUPPORT

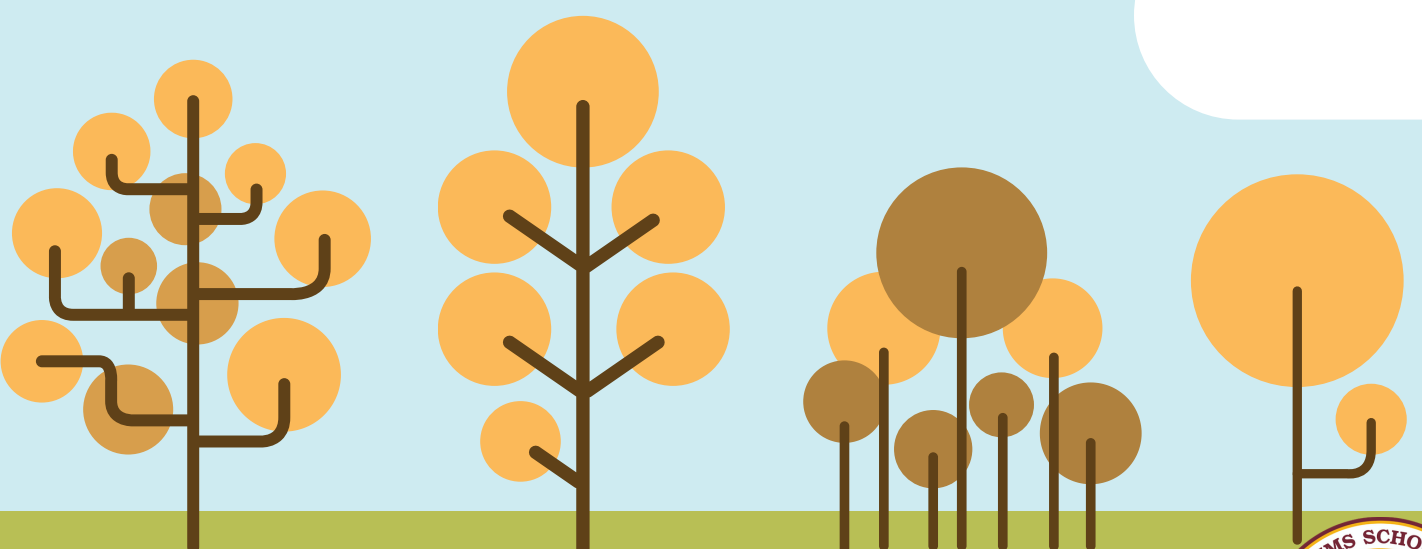

Our main focus during this unprecedented time is to provide support and comfort to our students and families. We can also help connect families with extended resources that they may need.

FEEDBACK

Students will receive feedback regarding their work during this time during phone calls and/or via the online platform. Students may be receiving credit during this time.

Remember our focus is on

support and connections!

Please direct all questions and concerns to Jennifer Socha, Instructional Services Director: sochaj@ags-schools.org
