

EMERGENCY MOBILE MEAL OPTIONS

To help with the COVID-19 Pandemic, Gold Star Foods has created a simple menu to assist in quickly getting breakfast and lunch to those in need. Our goal is to ensure a smooth process from ordering healthy meals to accommodating your staff levels.

We hope you are as excited as we are about these new meal kits. Please contact your K12 Account Representative to place an order today.

No assembly required, these are ready to disburse upon receipt. Ready Kits are freshly prepared and have a 7-day shelf life from production.

Requires staff for manual assembly of meals

These meal kits are a great option to help balance your profit and labor.

With meal reimbursement at approximately \$3.75/per lunch, the profit for your district is over \$1.00 per meal without labor to prepare the meals.
