As the crowd at BCHS settles down to the routine of another school year, they begin to look forward to the activities they will participate in.

Whether they will be vivacious activities, or leisurely ones, each helps to create the mood, or SPIRIT of BCHS.
“In the past we have had a light which flickered, in the present we have a light which flames, and in the future there will be a light which shines over all the land and sea.”

WINSTON CHURCHILL

Each new day brings a different schedule. Students are continually active as they each try to build upon the foundation of the school. They want the memories of their high school days to be good ones for them. But, they also want to leave their mark so they will be remembered at BCHS in years to come.
"The whole art of teaching is only the art of awakening the natural curiosity of young minds for the purpose of satisfying it afterwards."

ANATOLE FRANCE

Faculty and administration enjoy taking part in the SPIRIT-filled days at BCHS. Through the activities of their students, they can relive their own days as an overly-enthusiastic high school student. Memories jog through their minds as they observe the daily role of their students, and as they join together to create more wonderful memories for future years.
Individual students are the main factor in determining SPIRIT at BCHS. The attitude of each person contributes to the atmosphere of our entire school. This is the reason we should each do our best in supporting and having pride in our school.
"To live is good. To live vividly is better. To live vividly together is best."

MAX EASTMAN

At BCHS we all live. We all live vividly, which is demonstrated through our pride and SPIRIT. But, we must try to all live vividly (or actively) together. Without everyone working together and striving for the same goals, our school can never achieve the standards that have been set before us.
"All we're asked to do is give a little of ourselves to something that will make us breathe a little harder."

Without a little tender loving care and a lot of elbow grease, BCHS could never amount to anything. Our school is what we make it. We want our school to be something we can be proud of, so we must put out a little effort to make it that way.
The great Napoleon once said, “There are in this world two powers—the sword and the SPIRIT. The SPIRIT has always vanquished the sword.”

Whether we have been victorious, or defeated, we must always keep the great SPIRIT that BCHS has. If this SPIRIT is allowed to dwindle, the flame of activity and enthusiasm will be extinguished forever.
“Persistence—the only time you mustn’t fail is the last time you try.”
CHARLES KETTERING

Persistence is an essential quality in every person. We must never give up or try anything for the last time. Even if we have reached our goal, we should strive for a new goal and stretch to touch it and achieve something greater. Defeat should not be a word we use at BCHS. Losing and being defeated are quite different. We can lose, but we must attain our persistence so we will never be defeated.
"This is the greatest paradox; the emotions cannot be trusted, yet it is they that tell us the greatest truth."

DON HEROLD

The faces of the students of BCHS tell the whole story. Whether we are happy, sad, uninterested, excited, or just plain bored, our expressions display the emotions we feel.
"The greatest essentials are something to do, something to love, and something to hope for."

The curriculum of BCHS always allows for something we can do. We are all given something we are able to love. Everyone must hope for a better tomorrow through a little effort on our parts. So, we should all be happy and be able to express our feelings through the SPIRIT we display at BCHS.
Activity is the mainspring of the student body. Each person has a task to complete that could not be accomplished by anyone else. This means everyone must work side-by-side in order to achieve the satisfaction of a job well done. This provided wonderful opportunities for new friendships to blossom and old friendships to become ever-strengthened.
Friendship is a flower
That grows in the human heart
It brings joy when it blossoms
And sadness when we part

It can be cultivated
Watered and nourished well
But sometimes it just lives
and grows
And no one can know or tell

But to keep it growing requires
love
And everyone must know
To have a friend you must be one
And to others your kindness show.

DAISY ALLISON
Disregard what the world owes you, and concentrate on what you owe the world. Forget what you have done for your friends, and remember what they have done for you.

When you are faced with a decision—make that decision as wisely as possible. Then forget it. The moment of absolute certainty never arrives.

Live each day to the fullest.
Get the most from each hour, each day, and each age of your life.
Then you can look forward with confidence, and back without regrets.
Be yourself—but be your best self.

Dare to be different and to follow your own star,
And don’t be afraid to be happy,
Enjoy what is beautiful.
Learn to forgive yourself for your faults,
For this is the first step in learning to forgive others.
THE BACKBONE OF A GOOD SCHOOL

Final plans for a proposed addition to our school were discussed by Mr. Jasper Overton, Superintendent, and his secretary, Mrs. Lola Ten.

HOME EC PREPARES GIRLS FOR YEARS AHEAD

Home Ec I has a lot to learn about the art of being the perfect housewife.

Joyce Imler helps Mrs. Harris prepare for class.

Rhonda Burton knows individual work is important.

Home Ec III works on notebooks.

Is that Mrs. Harris sitting on top of the refrigerator?

Home Ec IV prepares for next year at college or as manager of a household.
ENGLISH TAKES MANY DIFFERENT FORMS

One of Janette Coltharp's two aides, John Smith, helps her prepare for English I, Creative Writing, and English IV.

Creative Writing students sometimes get ideas for compositions from other books.

Mrs. Coltharp starts freshmen out right in learning grammar rules.

English IV is small and cozy.

English IV studied the senior play, OUR TOWN.

Creative Writing helps students in other classes also.

Mrs. Coltharp's "ever-helping" hand points out instructions to her aide, Dond Lowery.
WHEN TAUGHT IN HIGH SCHOOL

English II students are taught proper grammar by Mrs. Ray. Martha Ray and her aide Jacque Davis. Sometimes concentration helps get the job done right.

In addition to teaching English II and III and Speech, Mrs. Ray produced both school plays and organized a speech club that participated in several speech contests.

Speech class learned much about plays, make-up, and many methods of acting.
Ellen Montgomery gives her aide, Debbie Burdick, some math papers to grade. Working at the board helps these kids learn how to work general math problems.

Algebra I requires concentration of some, but some are not working quite so hard. Mrs. Montgomery is pleased her students are grasping math so well.

Geometry problems are not taken lightly by this class. Mr. Underwood's senior math class will help some prepare for college courses.
Mr. Underwood helps freshmen learn basic facts about general science.

Juniors are learning advanced mathematics as they work on Algebra II.

Chemistry requires brain work.

Mrs. Venter lets this huge physics class work together.

Some days it is hard to get students to work on biology.

Mr. McVay teaches these freshmen to become engrossed in general science.

Besides General Science, Don McVay teaches PE and coaches football.
HISTORY BECOMES INTERESTING WHEN WELL-TAUGHT

Skip Baird teaches U.S. History in addition to coaching girls' basketball.

U.S. History classes are not always work.

Oklahoma History is required of all freshmen and out-of-state newcomers. Civics is second semester.

World History helps make us aware of events happening around the globe.

Dennis Seifried teaches Oklahoma History, Civics and World History.
PE HELPS BUILD STRONG MUSCLES

Is there a resemblance??

How is that for perfect form?

PE is important for healthy kids.

Grade school PE is directed by Iris Woodson. She has four aides: Ricky Guy, Lee Ann Campbell, Coleen Randolph, and Sharon Jiles.
VOCATIONAL AGRICULTURE PREPARES FUTURE FARMERS

Kirby Beckwith, Vocational Agriculture instructor, with Mike Shannon.

Vo Ag IV sometimes does paper work.

Vo Ag I students participate in class discussions.

Shop work is very important for a well-rounded education in agriculture.

DEMONSTRATED THROUGH BOTH BAND AND VOCAL

Vesta Wilson teaches high school and grade school vocal.

Preparation for contest means continual practice.

Vocal is not all singing; learning basics is essential for a good choir.

Going over individual parts helps improve the sound of the choir.

Miss Wilson teaches grade school students about rhythm and notes.
Anita McCune, Editor, and Sherry McCune, Assistant, got ideas from old annuals.

Joyce Imler, Business Manager, checks annual receipts.

Mike Shannon helps lay out advertisements.

Charlotte Guy and Rhonda Burton are responsible for distributing the paper after its release. Jeanna Bennett is the artist for the paper. She also helps with bulletin boards.
Typing I students learned the keyboard fast and were soon busy typing letters.

Practice sets are a big part of the curriculum planned for Typing II students.

Ruth Overton teaches Typing I, Typing II, and Shorthand.

Shorthand utilizes the powers of concentration as these three girls transcribe letters from their books.

Eraser-tape and pencils are tools used by every hard-working and initiative typist.

Individuals can work at their own pace (within limits) as they type practice sets.
FOR MANY DIFFERENT CAREERS

During second semester, general business students view films about various occupations.

Business Law and Business English students learn about the real business world.

Liabilities and assets have special meaning to these bookkeeping students.
PRACTICE MAKES PERFECT IN DRIVERS' ED & SAFETY

Drivers' Education includes studying traffic rules as well as driving. Second semester is spent on safety rules and first aid.

Joe Farmer spends five hours a day trying to prepare safe drivers.

Since driving takes up the first semester, Mr. Farmer's aide, Bill DeBusk, doesn't have much to do. But, just wait until second semester with all those safety papers to grade!

"While the cat's away, the mice will play," is demonstrated by these kids who were left behind while Mr. Farmer was out driving...

Valedictory Address

The time has come for us, the graduating class of 1973, to say our final farewells to Boise City High School. As we take these last steps of our childhood years and enter the world as adults, it is only fitting that we reflect upon our years of high school. We would like to express our appreciation to our parents, teachers, and school board of education, who have given us this opportunity to obtain the knowledge necessary to succeed in today's world. To these, and to the underclassmen of Boise City High School, we say "good-bye". We shall always regard our wonderful times together as fond memories. We shall always cherish the great friendships that were formed during our four years of high school.

Now, with each senior let me share a few thoughts. As we leave this auditorium tonight for the final time as students at Boise City High School, let us remember that we are the master of our thoughts, the molder of our character, and the maker and shaper of condition, environment, and destiny. We are now independent adults who must be responsible for our decisions. Therefore, we must contemplate each problem that arises as though our entire life depended on it, for each decision will influence our future. As a final thought, let me share the words of this famous poem with you:

THE MAN IN THE GLASS

When you get what you want
In the struggle for gain,
And the world makes you king for a day,
Just go to the mirror and look at yourself.
And see what that man has to say.

It isn't your father or mother or wife
Who judgment upon you must pass,
The one whose verdict counts most in your life.
Is the one staring back in the glass.
He's the one you must satisfy beyond the rest.
For he is with you right up to the end.
And you've passed your most difficult test.

If the man in the glass is your friend,
You may be one who got a good break,
Then think you're a wonderful guy,
But the man in the glass says you're on a fake.

If you can't look him straight in the eye,
You may fool the whole world down the pathway of years,
And get pats on the back as you pass.
But your final reward will be heartaches and tears.

If you have cheated the man in the glass...

THANK YOU

To the following business establishments, we would like to say a most hearty thank you. You have made it possible for us to recapture the school year of 1972-73 for many years to come. Without your support we could not have attempted to make this book of remembrances for the students of Boise City High School. We appreciate your faithfulness in supporting every area of our education.

STAFF OF THE SPIRIT OF BCHS—1973
EDITOR'S NOTE

The many activities of the 1972-73 school year have rushed by much too fast. Many of these activities we have been able to capture, but some we could not. I hope the ones we have put within the covers of this yearbook will seem to live on for many years to come. As you thumb through these pages, may the happy, and the sad, memories once more come alive as you relive these activities through your mind and heart.

I would like to extend a heartfelt thanks to Mrs. Doris Smith, our sponsor. She was always ready with marvelous suggestions when everyone else could not think of anything. It is to her we owe the appreciation of the memories beheld within this book.

The annual staff worked hard indeed trying to get things straightened out and ready to compile into pages for our yearbook. We had fun while we were working, but there were many hours of labor and brain-power put into these pages. We hope you like it, too.

Our great appreciation goes to Mr. R. O. Meador and Mr. Gary Sanders for providing us with a great deal of our pictures. Their services have been a lifesaver while we were struggling to put our yearbook together.

A great deal of thanks goes to Mr. Bob Young and Mr. Bob Riddle for teaching Jack to develop our film and letting him use their facilities. It was really a big help.

To Sherry McCune, my assistant, I would like to express my deep gratitude. Her faithfulness was really appreciated as we worked together trying to make this a great yearbook.

I would like to thank Jack Bell for always being available and willing to take pictures when we needed them. I really appreciated this. To the others who took pictures when Jack could not, our thanks goes to you, too.

Now, I would like to thank the administration, faculty, and students of BCHS for their wonderful cooperation during our feeble efforts of compiling this yearbook. Things were not always as organized as they should have been, and many things did not work out as we had hoped. But, I hope you will enjoy this book, THE SPIRIT OF BCHS—1973, and cherish the memories it holds for each and every one of us.

As another school year draws to an end, we pause to reflect on all the events that have passed through these months. As seniors graduate and underclassmen advance, each one looks to the future. The goals each hopes to accomplish are drawn ever-closer by each passing moment. BCHS will bid farewell to many great students, and these students will greet the world with renewed vigor and enthusiasm. No matter what the future holds, each of us will cherish the memories of BCHS and be eternally grateful to those who contributed to our education and helped with the advancement of our ideals.
