*Our days sometimes bring moments
when ones mind reflects memories
and takes on new thoughts.*

*A facial expression
is to language what a
melody is to a song.*

*Thoughts put into action,
instigate new thoughts.*

*Sometimes our eyes fall upon
thought provoking matter that
leads us to new personal
concepts.*

*You are today where
your thoughts have
brought you; you will
be tomorrow where your
thoughts take you.*

James Allen

*We must talk things over
in order to communicate.*

*Language can come in different
forms, expressing one's self.*

*Action may not always
bring happiness, but there
is no happiness without
action.*

-Benjamin Disraeli

As a person goes through life, he must find that which suits him best, and direct his actions to fulfill his right to "life, liberty and the pursuit of happiness".

*Everyone needs time to think, for thoughts
open up the ideas that one has obtained.
Putting thought into language is necessary
to make known ones ideas.
All is lost without the initiative to
reach ones goals through action.*

THANK YOU

Once again the students of Boise City High School would like to express our appreciation to the preceding business establishments and others who have supported us through the 1974-75 school year. Without your participation our efforts would have been lost. Again, thank you.

WILDCAT STAFF OF '75

Editor's Note

This year has gone by so fast and so many things have happened. This school year of 1974-75 has formed memories of several activities for all of us. I hope that we have captured some of those times in the WILDCAT '75.

This was the first year for all of us to be on the annual staff, making it a difficult task. I would like to take this opportunity to thank everyone on the staff for their help and cooperation.

A big thanks goes to Mr. Venter, our sponsor, for his patience and understanding along with his work. Our gratitude goes to Henington Publishing Company and Mr. Murray Sealey, our annual representative—and to our skilled photographer from Blunck Studio.

A very special thanks goes to Linda Norfleet, my assistant editor, for all the hours of work. Some days were busy and unorganized but with patience and endurance, we came through.

A lot of outside help came from Ross Folkers, David White and Ivan Edgington. A warm thank you to them.

A great deal of appreciation goes to the administration and students. Some pictures had to be retaken and everyone cooperated nicely. Without you, there would be no WILDCAT '75.

I hope as you look through the pages of the WILDCAT '75 it will make you smile as you recall the moments you will treasure forever.

Each life is precious. . .
 unto itself. .
 from the tiniest insect
 to the greatest tree. .
 Vigorously it must pro-
 tect
 its right to be. . .
 . . . and to become. . .
 Upon this one obsession
 rests. . .
 the continuance of the
 universe. . .

We would like to express our thanks to Ross Folkers. Even though he wasn't in annual class, he helped tremendously. He printed and developed many of our pictures. Without his help and co-operation much of this annual would not be possible.
