**EXPLANATORY NOTES:** On September 21, 1789, the Congress proposed twelve articles of amendment to the Constitution of the United States. Except for the first two, they were ratified by the required number of States before December 15, 1791; these became the first ten amendments. They have since been known as the Bill of Rights. The original is not legally in several States and this copy has been reworded for legibility.
IN CONGRESS, JULY 4, 1776

The unanimous Declaration of the thirteen united States of America

When in the Course of human Events, it becomes necessary for one People to dissolve the political Bands which have connected them with another, and to assume among the Powers of the earth, the separate and equal Station to which they are entitled, a decent Respect to the Opinions of Mankind requires that they should declare the Causes which impel them to the Separation.

We hold these Truths to be self-evident, that all Men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.--That to secure these Rights, Governments are instituted among Men, deriving their just Powers from the Consent of the Governed, that whenever any Form of Government becomes destructive of these Ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its Foundation on such Principles, and organizing its Powers in such Form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient Causes; and accordingly all Experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their Right, it is their Duty, to throw off such Government, and to provide new Guards for their future Security. Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct Object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a public, honest, and impartial Judgement.

He has endeavoured to prevent the population of these States; for that purpose he has obstructed our navigation by land and water.

He has refused to pass Laws for the Punishment of Treason, whereof No Evidence may be produced, nor for the Punishment of other Crimes, the Punishment for which was not in the Bill of Rights prescribed, and which were not committed on the Foot of War. He has kept among us, in times of Peace, Standing Armies without the Consent of our Legislature. He has affected to render the Military independent of and superior to Civil Authority.

He has excited domestic insurrections amongst us, and has endeavoured to bring on the Population those Essays into us from foreign parts, for theuspurpse of executing his High-Powred and insolent Commands. He has kept among us, in all Cases, Officers belonging to his own Cabals, charged with the Safety of our Navigation. He has suborned Judges in the States to pass illegal Convictions for Levying Sums of Money without Authority; for Aiding foreign Enemies, or raising Combats among us; for保护 the People in Right of Trial; for subjecting us to Jury Trials in Cases at Common Law; for subjecting us to the Contagion of the Scourge of进口; for cutting off our Scientists and Physicians, from all Further Practice within this British Dominion; for preventing our Merchants from Impressing our Sailors, to serve on any Service upon the Seas.

For suspending our own Legislatures, and declaring themselves invested with Power to make Laws for us in all Cases whatsoever.

For abolishing the free System of British Navigation, establishing a most degrading Tax upon us.

For taking ten Thousand LIV. common Soldiers, to aid our enemies, without the Consent of our Legislatures, for주위.

For imposing taxes on us without our Consent, for drawing off our ablest Men to go as Soldiers from the lands of our British Fellow-Citizens.

For passing Laws, impairing our Obligations of Contracts, and taking away our Lives, our Liberty, and our Possessions.

For introducing Bill of Attainder, and ex post facto Laws, into the United States, for validating Laws, after the Fact, on which they were passed.

ForCombining with others to subject us to a common Fugitive and Commodity Law.

For appropriating our Navy for their private and political Ends.

For imposing Taxes on us without our Consent, for deriving us into Debtor's Ruin, for subjecting us to the violent Ropes of Foreign Power.

For reaching into and rummaging of our Letters.

For invading of our personal rights of Free Speech and of Free Press.

For declaring us in War against a Nation, which we never declared War against.

For imposing Slavery on us, and depriving us in many other Flagrant Violations of our basic Rights.

We must, therefore, acquiesce in the Necessity, which does demand our Separation, and hold them as aabdand不断发展，Principles of Human Right, and a Peaceable, friendly, and good Neighbourship.

We, therefore, the Representatives of the United States of America, in General Congress, Assembled, appealing to the Supreme Judge of the World for the Right Reason of our Causes, to have a Voice in the Government, to have a Voice in the Government, to have a Voice in the Government,

God hath not promised skies always blue, Flower-strewn pathways all our lives through. God hath not promised sun without rain, Joy without sorrow, peace without pain. God hath not promised we shall not know Toil and temptation, trouble and woe. He hath not told us, we shall not bear Many a burden, many a care. But God hath promised strength for the day, Rest for the laborer, light for the way, Grace for the trials, help from above, Unfailing sympathy, undying love.

It matters not how much free time one has but how he spends it. But as long as he finds peace in himself, it's beautiful.
Measure not your spirits worth by summing up your years, but how you’ve spent your time on earth and why you’ve shed your tears.

Steven Mershon
When you’re assigned a challenge to meet, don’t hold back with fear of defeat, but forge ahead to do your best; whatever the task be—earn your rest.

Linda Norfleet
To everything there is a season, and a time to every purpose under the heaven. For the things that are seen are Temporal: but the things that are not seen are Eternal.

Freedom Is

Freedom is a man at the lathe, or at the desk, doing the job he likes to do, and speaking up for himself. It is a man in the pulpit, or on the corner, speaking his mind. It is a man putting in his garden in the evening, and swapping talk with his neighbor over the fence. It is the unafraid faces of men and women and children at the beach on Sunday, or looking out of the car windows speeding along a four-lane highway. It is a man saying, "Howdy, stranger," without looking cautiously over his shoulder. It is the people of the country making up their own minds. It is a soprano singing "The Star-Spangled Banner" off key and meaning every word of it.

Freedom is the air you breathe and the sweat you sweat. It is you and millions like you with your chins up daring anybody to take it away from you.

CLASSROOMS
Senioritis set in early.  Ecstasy???

Mrs. Long spent many long hours grading English papers.  There was a time for everything and some time for study.  Mrs. Coltharp blushed as if those were her grades she recorded.

The industrious freshmen attempted to do their English work.  Creative writing inspired the mind to imagine.  Mrs. Long seemed to enjoy helping her students when they were stumped.
Math for the Mind

Did I get the right answer?

Some folks did and some folks didn't.

That's a funny way of getting $1 + 1 = 1$.

Dazzling Dean Dunnam dumped the dummies.

It was disappointing in Algebra II when a tiny mistake made the whole difference.

Mrs. Montgomery encountered a thought provoking question.

It was a shock to the geometry class to find they needed to memorize 150 formulas.

Algebra I is very different from general math.

Many freshmen found out that general math wasn't as hard as they had anticipated.
Social Sciences

As pictured, Coach Baird took pleasure in preparing tests for the U.S. History classes.

The juniors apparently enjoyed studying for U.S. History test, despite their endless notes.

Somewhat frenzied, the freshman dove into a new experience called Oklahoma History.

World History and geography were everything the students expected and more.

Coach Seifried prepared to give his classes a lesson in map memorizing.

Coach Seifried's psychology class showed definite enthusiasm as they took notes.
Natural Sciences

One recent addition to BCHS was Mr. Dunnam, who taught general science.

Mr. Ryan, with his usual smile, taught chemistry, biology and physiology.

In the science department long hours of lecture and book searching were necessary but not pictured were the highlights.
Vocational Agriculture

The senior boys worked hard and long to efficiently complete their record books.

Mr. Sanders inspected the work done on the mascot trailer.

The second year boys learned to work a pig.

Mark Twyman devoted part of his class time to the completion of the mascot trailer.
Mr. McDaniel taught Auto. Mech. Here, Red Mac helped fix an accelerator.

Tim took a peek at the values on this heavy six cylinder.

A U-joint had to be replaced so Ross took all in hand.

The screwdriver has more uses that we consider. Bennie put it to work on a battery cable.

Earl got experience installing a clutch release on an irrigation motor.
Business

Mr. Thompson taught bookkeeping.

Mr. Thompson also taught general business, economics, business law, and Business English I.

The typing II students soon learned the importance of careful proofreading.

Lynda and Kenna demonstrated the incorrect way for a job interview.

Mrs. Overton taught shorthand.

Mrs. Overton also taught Typing I and Typing II.
Mrs. Johnson taught family living.

Home economics students learned helpful skills under the direction of their teacher.

The Home Ec. III girls learned to bake and decorate cakes, which they shared with the faculty.

In Home Ec. I techniques were studied before experimenting with ideas for the home.

The girls in Home Ec. I also learned the basic steps of sewing.
Earl completed his workbook while Patty eyed the results.

... and then I jumped eight barrels with my ten-speed. Meanwhile, back at the ranch...

Coach Farmer got plenty of testing on his alertness before he tested his students.

Tom and Jeff displayed confidence before the test.

Mr. Farmer cautiously taught drivers education and safety.

With the simulator, students could give the old saying "practice makes perfect" a try.
Music Education

The Spring Concert was coming so new music was passed out.

BCHS had a very young band, but they gave what they had to make our home games complete.

Mr. Robinson directed in the high school and also in the grade school bands.

Mr. Gerber conducted choir in the high school and also the grade school.

The NASA Space Center was an added attraction to the Galveston trip.

It took many hours to prepare for contest at district and Galveston.
Annual and Newspaper Staff

Mr. Thompson sponsored the annual and newspaper class. Linda Norfleet was editor of the annual and Lisa McDaniel was the assistant. Teresa Walton was the business manager.

Lynda Burnett helped with layouts as did JoAnne Summars and JoAnn Huston. JoAnne was also 2nd Sem. News Editor and JoAnn was assistant. Sharla Hawkins and Susie Mayhan were 1st Sem. News Editor and assistant. Shirley Walker was in charge of annual distribution.

Top left: Twyla Jackson and Angie Barnes were artists for the annual and paper. Bottom left: Sandy Richardson and Deb Ogston were photo editors. Typists were David Wright, Kathy Davis, and Jana Thompson. Photographers were Junior Dixon and Pam Burdick.
Physical Education

Coach Cain taught P. E. Coach Baird, not pictured, also held P. E. classes.

Volleyball later became an intramural sport, enjoyed by many.

P. E. in BCHS is co-educational.

The year began with dodgeball games.

Unofficially, wrestling was a sport practiced in P. E. Karl and Bryan played pretzel.

Coach Cain had plenty of help checking the roll as Jeff, Foster, Mark, and Scott supervised.

"OK, how much do you think she is worth." The slave sale was a great success.

Life is full of beautiful women, but ours were probably the best.

The girls in Home Ec. modeled their sewing projects at the style show.
Wanda, who was president of FHA was mistress of ceremonies at the 1975-76 FHA Banquet.

Charlie, who was chosen FHA Beau, was rewarded with a kiss.

Everyone enjoyed chow time.

Each Beau candidate had a pretty escort from the FHS Chapter.

Mrs. Johnson and her husband, Steve, enjoyed the FHA-FFA picnic.

Tony and Brett sponsored their own beauty pageant at the river party.
Future Farmers

The Rotary Fat Stock Show involved several members who showed their animals with a great deal of skill.
of America

The banquet at the end of the year was a climax to all the activities the boys had participated in. Everyone enjoyed being rewarded for their efforts.

Judging teams are an important part of an outstanding FFA Chapter.

It's been said "to find the source of a problem you've got to jump in the middle of it." It appears that these fellows took it literally.
Clubs of America

One might know what he's doing while another stands around and blows a lot of hot air.

"Have you ever had one of those days when nothing ran smoothly?"

"This time I'll hold it and you push the switch button. If that doesn't work, we'll be forceful."

These two weren't zombies, but after a test you wouldn't feel well either.
Intramural volleyball began after Spring Break with girls and boys teams and a faculty women and men's team. Everyone participating seemed to enjoy themselves.

A girls and boys varsity team was picked from the intramural teams. The pictures on this page were taken in the regional tournament at Balko.
Mary Swinburne won Grand Champion in the 4-H Dress Review while Ann Land won Reserve.

Gay Burdick won Grand Champion with her lamb during the Fat Stock Show.

Rodeo Club

The Rodeo Club Queen candidates this year were Jan Beckett and Nancy Christian.

Pam Burdick, president, conducted the meetings.

Maybe Susie was practicing for next year's graduation.
"B" Club

"B" Club consisted of lettermen participating in football, basketball, and track. Several organizations, including the "B" Club, helped purchase video equipment.

The club ran the concession stand during "B team" games.
Leaving the Organization

Mrs. Clyta Walton has dedicated thirty years of her life to the teaching of young people throughout the Golden Spread. She first started in Frontier, Oklahoma in 1935. She then taught in Plainview school at Griggs for 11 years, transferring to Keyes in 1959 for three years. In 1961 she came to Boise City where she has been a part of the Boise City school system until retiring this year. She has touched many lives in our community and although she is retiring, the influence she has had will continue to serve as a reminder of her success in teaching.

A Teachers love is something that no one can explain,
It is made of deep devotion and of sacrifice and pain,
It is endless and unselfish and enduring come what may,
For nothing can destroy it or take that love away.

Homecomings

Much excitement and many activities highlight football and basketball homecomings.
Jr.-Sr. Prom.

The prom involved a lot of planning and hard work, but the final result was worth it.
Banquet

Lynda, V.-Pres. of the Junior Class, gave a welcome to the faculty and seniors.

The Senior girls chattered endlessly, discussing this, that, and old times.

The atmosphere was one of expectation and cheer. Pastel decorations added a quiet touch.

Tanna enchanted guests with the theme song, Colour My World.

The sophomore servers were mannerly and polite at the banquet.

Juniors used last hours decorating for the banquet honoring Mrs. Cly Walton.
Most of the senior girls sang in an ensemble at both the Baccalaureate and graduation. Songs were Prayer for America, You'll Never Walk Alone, America the Beautiful, and The Way We Were.

The slow walk to the last time this class would have to sit on the front rows was one of anticipation. The speaker was Steve Davis, who gave an impressive speech.

The receiving of diplomas was not a solemn, serious event, yet it was important to each senior that his diploma was filled. The final walk was a memorable one for the Class of '76.
Boise City

Ann Land was the feature twirler for the Wildcat Marching Band.

Wildcat Band

The Wildcat Band took part in the Bicentennial Flag Raising Ceremony held February 27 at the courthouse.

Contest at Enid was a big success. First Row: Ann Land rated 1; Jay Vines, 2; Carol Palmer, 1; Clay Wells, 1. Second Row: Mr. Robinson, Sponsor; David Saunders, 1; Jim Walker, Accompanist; Ernie Palmer, 1; Judy Wood, 2.

As Drum Major, Jim Walker led the Wildcat Marching Band.
Assemblies

Steph demonstrated the traditional feeding of the coaches. Ann, Lynna, Mary, John, Evan, and Brad, all captains gave pregame talks.

Mr. Carr got his piece of pie in life sooner than he expected. Lisa pulled a sneaky on Sandy while she tried to place kick. Lynna was initiated as head cheerleader.

Not a pep rally passed when students left without a word from their coaches. Cheerleaders are an essential part of the pep club.

Editor's Note

Our high school years are filled with memories we shall cherish. There were challenges to meet, sentimental times to remember, and times so trying that many wondered if they'd ever been tested so near the point of breaking. There were also the sweet, free times we've had when we could simply be ourselves no matter how outrageous it might seem to others. And then, personal times we each need to meditate and improve ourselves. We have captured some of these moments in this Hands of Time issue of the '76 Wildcat.

I, personally, would like to thank the following individuals for helping to make this yearbook possible: Murray Sealey, representative of Henington Publishing Company, for his support and advice.

Several friends who had the devotion to spend some of their free hours to add to the completion of this book.

Ross Folkers, who came on short notice many times to help furnish photos for this yearbook.

A special thanks extended to Lisa McDaniel, my assistant editor, who was most generous with her time. Lisa was willing and soon became like my right arm.

To Mr. Dennis Thompson, the Wildcat sponsor, I express my sincere gratitude for being more help than an editor could ever hope for.

On behalf of the '76 Wildcat Staff, we hope we have stored fond memories for each person glancing through these pages of the '76 edition of the Wildcat.

The hands of time pass swiftly like a breeze. A moment touches only once so we can only capture precious moments in our memories. You may look back but the "Hands of Time" stop for no one.

IN CONGRESS, July 4, 1776

The unanimous Declaration of the thirteen united States of America

When in the Course of human Events, it becomes necessary for one People to dissolve the political Bands which have connected them with another, and to stand, independant Nations, we have a Right to alter the Form of our Governments: A truth which is self-evident; that when a People are assembled, and inform themselves of the Situation of Affairs, that they are naturally Republicans; and when the People are united in common Insecurity, that they are collectively Republican; and in the same year, a great and powerful Republic, that the People of America, are united in the same firm and determined will to support the Union.

We hold these Truths to be self-evident, that all Men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the Pursuit of Happiness. That to secure these Rights, Governments are instituted among Men, derelenting them into a Social Compact: and that, when any Government becomes destructive of these Ends, it is the Right of the People to alter, or to abolish it, and to institute a new Government, setting it up in its stead.

We, therefore, the Representatives of the United States of America, in Congress assembled, do hereby declare, and make known, That these United States are, and of Right ought to be Free and Independent States; that they areone and inseparable; and that no State, Authority or Power, External or Internal, can effect these Rights. By the shortest途程, and the most sure Conduct, they are established, and the United States are Free and Independent States.

We, therefore, the Representatives of the United States of America, in Congress assembled, do mutually pledge to each other, Allegiance, and Support, and to each other, Allegiance, and Support.

Done at Philadelphia, in the second month, the year of our Lord, one thousand seven hundred and seventy-six.
