WILDCATS
In your hands you hold a book filled with memories of the past school year. The pictures and words on these few pages are made meaningful by the particular memories held by each because we are all separate and distinct individuals. Our memories are each unique; yet, they are similar because of many experiences we have shared together. Looking back, we can recapture the magic of a moment past... a refreshing laugh, a thoughtful moment. Silly times and sad times, rain and dark depressions, sunshine and high spirits... all these and more; such memories are precious to each of us.

Nineteen Seventy-Seven was the beginning of the tri-centennial. In reviewing the events of this year, we think back on what we have accomplished and where we have been. Now we must evaluate ourselves and our lives and look to the years ahead.

Dedication

Fay Petro

Mr. Fay Petro became janitor of Boise City Public Schools in July 1972. Fay worked for 4 years. He was known by everyone due to his kind words and his smile. In September of 1976, Fay Petro retired. He was awarded a plaque for all his work. Fay will be missed but always remembered.

Marquerite Murphy

In 1957 Mrs. Marquerite Murphy came to Boise City wanting to teach the second grade of school. Mrs. Murphy enjoyed her children and they enjoyed her as well. Mrs. Murphy retired in May of 1977, making it 20 years in the Boise City school system. She was also presented with a gift and was honored at the Junior-Senior Banquet.
One morning I woke up and I knew this was my time to respond my place to act.

Then I realized it was a new day a new dawn.

I saw that I would be a leader of the new world. I would continue what generations have left me.
Yesterday left me
with questions unanswered,
problems to solve.
I must choose the
direction.
Where am I going now?
I am heir
to a world which is
marred.
Am I able to restore it?
REJOICE! REJOICE!
I have no choice
but to
carry on.
I enter today with the knowledge of yesterday's mistakes.
I learn by living,
I ask the future,
"Will you bring me happiness?
Will you bring me sorrow?"
Future answer me,
I must

Dear Students,

1976-77 has been an eventful year. Our United States has made many giant steps in the last two hundred years. I hope we can continue to develop and improve our country as much in the years to come. Knowledge, strength, and prayers have made our nation great.

Confidence in ourselves is the key factor to young Americans' ability to succeed. To gain confidence we must have respect for others as well as ourselves. Pride in our accomplishments comes from the self-discipline it takes to undertake a task. These make up the things, along with academic subjects, we teach in our school. We hope to instill enough confidence in each student to meet the challenges in the future.

Billy C. Terry
Superintendent
Dear Students,

I would like to congratulate the entire student body on a very successful year of school, because without you it could not have been possible.

To the Graduates I’ll say this:

I love you to share with others the fruits of your labors; to catch a passion for helping others and a richer life will surely come back to you tenfold.

Senior Play: The Very Great

In Sherwoods fantasy he dreamed of a girl named Helga.

Meg was a little upset when Sherwood didn't see how he could help her.

Hilary knew he was a jinx from the beginning.

Laverne saw that Dr. Watson was properly cared for.

Dr. Watson knew the danger of Meg. He was only protecting himself.

Laverne became Dr. Watson's full-fledged maid.

Helga did become the girl of Sherwood's dreams.

These ladies weren't really all that interested in what he had to say.

The Senior Play was a three act murder mystery comedy. It was about the grandson of Sherlock Holmes and his enemy—Moriarty. The case is solved after Harris Creastly is poisoned, Dr. Watson shot twice, and hires his new maid, Laverne.

Dr. Watson was shot twice and lived to tell his story.

Judy and Steph helped Karen pick out baby clothes. Kirt tried to get rid of his mother. Please Steph, don’t make me leave. That’s drunk Mr. Smeldly again.

Steph you must understand you can’t live here. Can’t you see there’s a child asleep. Karen didn’t know what it was like to be pregnant. Come on Rudolph fix the refrigerator.
The Junior Play

This year's Junior play was a three-act comedy concerning the problems that two college girls have when they rent an off-campus apartment.

The problems are: 1) a penny-pinching landlord who never repairs anything, 2) an apartment that is a pit, 3) a mother who sneaks in to clean up the place, and 4) one boy friend for two girls.

All the problems are solved in the end and everyone lives happily ever after.

Judy and Steph’s refrigerator was a fire zone. Steph decided she’d try drinking. Rudolph was playing Santa Claus.

Karen was very proud of her baby. Me, come home with you. No way. Man. Kirt was having a hard time with Steph and Judy.

Mrs. Oldac always collected rent on the 15th of each month. Steph called home to make sure it was all right if she came home. For one time Judy didn’t have anything to say.

Li’l Abner was presented by the B.C.H.S. Vocal Department.

The musical started out as a “Typical Day” in Dogpatch, U.S.A. At the Cornpone meeting, Jack S. Phogbound talked to the citizens about having Dogpatch blown off the face of the earth. At first they thought this was good but Mammy Yokum told them what it meant. They had to find something important about Dogpatch to prevent this from happening. They had to have their Sadie Hawkins Day so Daisy Mae could catch Li’l Abner.

Meanwhile, in Washington, D.C., the scientists were trying out Mammy Yokum’s Tonic. This tonic could change a boy into a masculine boy. General Bullmoose was going to try to prevent this from happening because he wanted Mammy Yokum’s tonic. His plans were changed. Daisy Mae finally caught Li’l Abner. They were married and it was a “Typical Day” in Dogpatch, U.S.A.

The 1976 Wildcat Football Team was proud of the Head Coach, Jim Holloway. Coach Holloway was honored by being named District Coach of the Year. This choice was reached by votes from other coaches, team improvement, and winning district. Coach Holloway was very grateful for his assistant coaches, Mike Virmillion, Tom Downing, and Dennis Cain. They were extremely helpful. The coaches are planning on a better season in 77.

L to R: Mike Virmillion, Dennis Cain, Tom Downing. Front: Jim Holloway; Head Coach.

The 1976 Wildcat team was very grateful to their seniors. Coach Jim Holloway said a little about each:

Jeff was a good leader and a very determined ball player—he was a "pressure player."

Hard work and determination helped Bryan improve into a very respected player.

Scott probably improved more than any other senior. If we had to give a "hitter of the year" award to one of our players, Buddie would assuredly garner that distinction.

If Foster had played every game as he did the last three there is no telling how good a player he could have been.

Byron was not an emotional player, but he got the job done.

Karl's leadership, throughout the season, meant very much to the unity of the team. We will miss him very much next season.

Paul was our "big play" man all season long.
Congratulations Boys for Winning District.

The 1976 year had many highlights!
Win District

Starting off the season with a loss, the team's improvement was greatly shown. As winning points piled up and opponents fell to defeat, satisfied smiles could be found on our fans' faces. A long hard season, but one which resulted in going to Bi-District Play-offs, was enjoyed by all. It was a great year for the Wildcats who are No. 1 with their fans.

Examples of the unlimited Wildcat spirit shown throughout the season.

Go to Bi-District

Basketball girls went to Bi-district to play Wahoka.

The girls were excited about going.

Carla Johnson Guard

Parent night was a special night for the seniors.

Lisa Thrall Forward

The 1977 Wildcat Girls Basketball Team did extremely well this year. The girls were ranked 7th in the state and did the best in our school history. The record was 19 wins and 6 losses.

Each Senior girl was very proud to be a part of this team.
Carla was a very fast guard with the ability to do whatever she wanted.
Lisa was a very excited young girl and did exceptionally well.
Pam was a good player.

All in all this years' girls basketball team was fantastic. Thanks to Mr. Mike Vermillion, coach, who stayed with them to the end.

Jeff Jones
Forward

The 1977 Wildcat Team was very proud of their Senior boys. Coach Downing said something about each:

Jeff was a very good player. He was a competitor.
Billy was small but was the fastest shot in the West.
Karl needed more practice. He was slow but sure.
Jay was an excellent player. He was tall and accurate.
The boys started off losing. That didn’t help their ego any but they practiced hard and did their best. They had 13 wins and 10 losses. With the help of their coach, Tom Downing, the boys had a good season.
The girls were ranked seventh in the state at one time but are planning on being ranked first next year.
The boys had a good season but are expecting a better one next year.
The 1977 Track Teams did well but plan to improve next year. The coaches were: Mr. Tom Downing, and Mr. Dennis Cain (Head), boys, and Mr. Mike Vermillion, girls.

Scott Gillespie went to State in the 8-80 and received a 3rd place trophy. Stephine Nall went also in the 8-80 and received a 5th place trophy. Nolan Ottinger qualified for State but did not place.

Next year our track teams will improve and send more to state. Let's Go Cats!
Sports Banquet

Jeff Jones presented Mrs. Cochran with a letter jacket for being the No. 1 sports fan.

These Seniors received awards from the athletic department.

Jim received the most improved award from the Coach Downing.

The athletic girls gave Mike Vermillion a T-shirt with his favorite name—OMAR.

Dear Students,

One has only to glance about the school to see that this has been a year of advancement for Boise City Elementary School.

Our pride and satisfaction in the fine buildings—and in other advancements such as our special education programs—are equaled only by the pride and satisfaction we feel at seeing the educational growth of the young men and women in our school.

We hope our students share our pleasure in the obvious progress here at Boise City, and we hope they interpret this progress as a greater opportunity for them to become a more effective member of society.

Good Luck Seniors
I hope you and the others are well and you are having a really good time. You are a really good guy and I hope you have a lot of luck all year and all your wishes come true. I love you and wish you all the best. Please call you [illegible].
Editor’s Note

In the last year we have had many memorable moments, which each will remember. In this yearbook we have tried to recapture some of those moments, whether exciting, disappointing, or sentimental. Most events were carried out with “FRIENDS”. Friends mean so much to each and everyone of us. Everyone is their happiest when they are among friends. I hope, as years pass by, you can look at the ’77 Wildcat and remember all the activities of the 1976-77 school year and the friends who made them memorable.

I would like to personally thank the following people for their help of making this yearbook possible:
Blunk Studio for all the time they spent taking pictures and developing our pictures so promptly.
Mr. Gordon Folkers and Mr. Gary Compton for all the unnotified times of taking pictures.
A special thanks to Laura Young, Anna Collins, Patti Cochran, and Bill Clifton for all their help.
A very big thanks to Darlene Aycock, my assistant editor, for all her time and work.
To Denise Bailey, sponsor, I wish to thank you for everything. Even though this was your first year as a yearbook sponsor, you did a Great job.

Now to all the classmates, teachers, and administration for putting up with me and all the long days of pictures—Thank you.

The doors shown in this book represent the emotions, the insights, the happenings, the relationships, and the knowledge of books and of yourself which are open to each individual. We have tried to show the doors which have been opened in a high school year. Yet remember that there are many more doors which must be opened in the corridors of your mind.

Claudia McDaniel
Editor
How can I face tomorrow?
I must have knowledge,
knowledge gained in class
by questioning, observing
accepting others opinions
and by forming my own,
I realize I cannot do it alone
I need help.
Participation makes me aware.
I learn about others . . .
their faults, frustrations, and desires.
I identify with them.
I like being a part of a group
When I gain their recognition
I enjoy it.
I like to laugh, I like people.
Competition builds endurance.
I make sacrifices because
I like the excitement,
I welcome the challenge.
The taste of success,
is not easily forgotten.
I like to win,
But thought still remains . . .
Someone has to lose.
I am one of many.
Collectively we encounter the same
problems of a world handed to us.
A world that we
are not quite ready to accept.
First I must search.
I must know myself.
I need identity.
After the twilight
of my learning experiences
dawn breaks.
I have set up the basis
of my identity.
Now witness the quickness with which
I CARRY ON!
