What makes up a Class?
The textbook,
a teacher,
pencil, paper,
and fifty-five
minutes
to go!

Only a kindergartener . . . and his
dark friends
Can know how it is to be
frightened.

Only the returning fifth grader
Can know the security of familiarity.

A Freshman now . . .
Finally there is a name for how we
react,
Remember . . . with relief . . .
some of the things we did!

Comes a new year . . . a new start . . .
Sophomores confronted with being
upperclassmen with more respon-
sibilities becomes more . . . and
more . . . complicated

Now we're juniors,
and it takes a while to get use to the
idea that we're actually juniors!
Life is easy now . . . we know how to
keep up . . . in the race.

Spring brings parties, the prom, sun,
and fun,
Summer passes, and fall brings the
looked - for
longed - for
waited - for . . .
The highest, best, most wonderful
. . .
Our senior year!

Now we manage the clubs, plan senior
activities, take ACT tests.
The race is in earnest now . . .
the load grows heavier each day.
Then we graduate, and class spirit
was never shown so much as in our
happy but misty smiles.

School is a place for learning, and learning comes about in a variety of ways and through different experiences. A goal at BCHS is to provide all students with opportunities that will aid them in learning. Part of this is accomplished through the many co-curricular activities and projects sponsored by various organizations.

The aims of these groups are to cultivate and promote scholarship, good sportsmanship, school spirit, character, citizenship, leadership, and service among the students.

It takes an amazing amount of dedication and work from the leaders and contributing members of these organizations to provide the many activities throughout the year such as Homecoming, dress-up days, Christmas decorating, Honor Bowl, assemblies, concerts speech and judging contests, locker decorating, and bake sales.

These organizations are symbolic of both pride and spirit, and through involvement the students are aware of their responsibilities to their fellow members, their school, and mankind.

EDITOR'S ACKNOWLEDGEMENTS

I would like to thank Mrs. Nora Long, our annual advisor, for her help and support. I would also like to thank the annual staff for all the hard work they put into making this year's annual one of the best ever. A special thanks goes to Mr. Gordon Folkers and Mr. Don Sullivan for all the pictures they took for us. And last, but not least, I acknowledge our advertisement supporters. Without their support the annual would not be possible.

Jerry Hamm
Editor

All our high school years have passed, and now we the seniors of 1981 are going out into the world.

We leave our legacy at Boise City High School to the seniors of 1982. We hope they will have as much fulfillment from being seniors as we did.

I hope we have captured some of the moments in the '81 Wildcat of which you can look back upon with fond memories.
