The 1984 Wildcat football team started the season with high hopes and a 48-0 shellacking of Walsh, Colorado. The next three weeks brought wins over two more Colorado teams, Springfield and Holly, and a loss to our arch-rival, Clayton, New Mexico. The Cats then went into a mid-season slump, losing three of their next four games. Two of those losses were district games which all but eliminated the team from winning their fourth consecutive district title. The Wildcats were down, way down, but they never believed they were out. An outstanding show of character, pride, and determination carried the Cats to two big district wins in a row over favored Hooker and Texhoma. The Wildcats found themselves in the playoffs for the fourth consecutive year; but this time as the District Runner-Up. The team traveled to Seiling to meet the No. 6 ranked team in Class A and came home smarting from a 40-18 loss. The Seniors ended their High School careers with a four-year regular season record of 30-8. In playoff games, they were 2-4.

Girls
Lori Brown, Cheryl Gayler, Londa Ottinger

Lori didn't play very long for me (due to Illinois), but while playing, I found her to be a hard worker and a fierce competitor. "Bo" played very well in the six games she participated in. Losing her hurt the team a great deal, but knowing Lori, it hurt her much, much more. Lori will be a success in whatever she does. I wish her all the luck in the world.

Cheryl was our leading scorer with a 16 point average per game. Her season high was 26. Cheryl was a hard worker and very aggressive. She was a credit to our team in many ways. Without her, it would have been extremely hard for us to score. I would have liked to have coached Cheryl for more than just one year. Her attitude was always great and her competitiveness never stopped. Cheryl Gayler is a super person.

Londa was the quickest player I have ever had. Her speed, all out defense and ball handling made our guards a respected unit with everyone we played. Not many coaches will play a 5'9" guard, but not many have someone like Londa. The most amazing thing about her was her ability to get rebounds against much taller people. I would like to have someone like Londa every year. The team and I will miss her very much.

Cindy James served as manager for the basketball team. Among her duties were typing, running errands, keeping stats, and generally reminding me to do all the things I usually forget to do. A manager is a valuable member of the team, and Cindy served the team well. We'll miss her.

— Coach Gary Seil

Boys
Coach Wardlaw, Mark Winger, Brian Stolper, Chris Mathis, Head Coach Jackson, Wesley Hughes, Todd Baird, and Rod Hammon.

Mark has been the big man inside for the Cats. Mark averaged 11 points per game and 8 rebounds per game. These were big factors in making this year the best ever for the Wildcats.

Brian has been the offensive force behind our team these past two years. Averaging 21 points per game his Senior year shows that Brian has worked very hard individually to accomplish his goals. His hard work and dedication has made him a great athlete.

Chris has been an important asset to this ball club. He is one of the better outside shooters on the team and contributes everything he can to make the team a winner.

Wesley has been the floor leader out on the court for the Wildcats. Averaging 10 points per game and the same in assists, his passing, and his ball handling have made Wes a great basketball player.

Todd was Mr. Defense on the team. He has the quickest feet and hands for a ballplayer that I've ever coached. Todd has always given 100% and that makes him a winner. In my eyes, Todd will always be a winner.

Rod is the most improved player on the team. A lot of individual hard work has made him a player. Rod has gained respect from his teammates and also from the coaches.

High School Boys Track

I would like to take this opportunity to thank the student body, the faculty, the annual staff and the town of Boise City for their support in making this the winningest year ever in Boise City Boys Basketball history.

I hope everyone is as proud of these young men as I am. They worked so hard and sacrificed so much to achieve what they did. When our year started, our hopes were high. We started out with a record of 6-0 before we ran into our first defeat. After that we won 10 straight games by winning our Conference, District, Regional, Area and evening the State Tournament where we were beaten in the Semi-Finals by a strong Eagle team 54-57.

On the road to get to the state tournament, we played some of the best basketball that has ever been played in Boise City. I think the highlight of the playoffs was our victory over the strong Beaver Dusters, who were rated No. 1 in the state at that time during Regionals. This was our turning point. This gave us the confidence we needed to reach the state tournament. During the playoffs, these young men began to see that they could play with anybody around and they proved that in the first round of the State playoffs when we defeated AKA, the No. 3 team in the state, by more than 20 points. Against Eagle, we gave the State's leading scoring team all they wanted. We just came up a little short.

At the end of the year, we were rated number 3 and number 1 in the state in defense which included all teams in all classes. Brian Stalder made the 1st team All — tournament team at the State Tournament which is a very prestigious honor. I hope some of these men will be able to continue their education by getting to play basketball in college.

Now, I would like to take this time to tell this team how proud I am of them. When our year started, it meant so much to me to be a part of the team and a part of their dreams.

MRS. MARTHA MITTS
VICE-PRESIDENT & TRUST OFFICER
We would like to take this opportunity to say a few words to the people who made this annual possible. This is our first year to be on the annual staff, and it has been an exciting year with many different things being experienced for the first time. We feel we have worked hard to produce a suitable annual that the students, teachers, parents, and business community would enjoy. It seems that we have all had great ideas, and most of them we have been able to make this year’s annual one of the best that this school has put out for a long time.

Our annual class has been a good experience. We have all learned many different things, and the things we have done will be helpful in our future life.

We wish you the best.

Satie Scholler, Jacob Scholer, and Shari Woodingston
