Don't walk in front of me

Don't walk behind me

Walk beside me
And just be my friend.
PAUL PIERSON

For eight years Paul Pierson faithfully served his Special Olympics friends that resided in the Panhandle of Oklahoma as a teacher, coach and Special Olympics Area Director. Organized, dependable, knowledgeable, and concerned are merely a few of the many attributes that Paul possessed. Regardless of the situation, Paul, without fail, would make the maximum effort to ensure each Special Olympian in his charge a higher quality of life.

A man’s success is measured in numerous ways, whether it be financial strength, political influence or possibly by one’s fame. But above all, it is imperative to consider the deed and efforts an individual puts forth throughout his living years to help enrich and enhance the lives of those around him. In this regard, Paul Pierson was second to none.

Paul’s untimely death from a massive heart attack in November shocked and saddened us all. Yet, he leaves us with wonderful memories of all that he did for the Special Olympians of Oklahoma and all the smiles he put on the athletes’ faces.

We will miss him.

Student Life
Boise City High School constructed its classes for 1991-1992 by electing class officers. Students indicated the office for which they desired to seek, campaigned among class members and then were elected by secret ballot by their peers. Only students who had registered to vote were eligible to seek nomination and to vote.

Under dark, rain-threatening skies, the 1991-1992 football season was initiated with a spirit-filled bonfire. Cheerleaders led the fans with chants and cheers for the Wildcat team. The football coaches and senior football members sparked enthusiasm among the crowd with their goals for the season and the bonfire was ignited to the fans and players delight.
RED RIBBON WEEK

During Red Ribbon week, October 19-27, students and teachers of Boise City Elementary, Junior High and High School prepared banners, tied red ribbons, painted community business windows, and prepared a half-time entertainment program to promote drug awareness.

Dr. Harry Bellows, hypnotist, presented a program for the school and community emphasizing the importance of using the mind to overcome adversities rather than the use of drugs.

Committee members included Tricia Gray and Kellie Smith, Jan Terry, Kim Jenkins, Judy Pafford, Dede Boyd and Gladys Miller.

Promotion '92

The time is here,
The day has come
When we must graduate
One by one.

Here we are now
Who would have known
How fast these years
Would have flown

So on this night
We're full of cheer
Just knowing we made it
Through these years.

I'm glad to say
I've spent my time
With my classmates
In junior high.

Now it's high school
We're ready for,
A new life, the future,
And much, much more.

Oklahoma FFA Members,

As an eighth grader enrolling in Agricultural Education, I had no idea how important the FFA would become to me. It has taken me from the Oklahoma Panhandle to our nation’s capitol. Along the way I have met many people, developed new friendships and stored some wonderful memories.

Now, I am asking for your help for one more memory - serving you as your Northwest District Vice-President.

Thanks for Everything, Tricia Gray

READ A WINNER

ELEMENTARY 119
Much like the “road construction” occurring to Highway 287 (Main Street), students at Boise City Schools “constructed” many memories during the 1991-1992 school year. Students learned to “merge” together as class schedules were completed featuring new faculty and staff members. The “two-way traffic” in the hallways of the schools often featured a “no passing zone” if students did not have a hall pass in her/his possession when leaving a classroom. The “road construction” caused a “yield” to some activities this past year including the bonfire parade and homecoming parade. The year continued at a steady “speed limit” until a snow storm around Halloween put a “stop” to the football team’s travel to a district game, thus eliminating play-off hopes. During the second semester, students traveled many “divided pathways” to basketball games, conventions, stock shows and track meets. Even though a few “detours” occurred during the school year and the “road construction”, a four-lane highway and a successful school year ended the “construction” of memories as and “exit” to 1991-1992.
