IN MEMORY OF AARON RAY!!!

LIFE

I never really thought about how life was. People come and go. One of my friends was chosen to go!! God felt like it was his time. Now I just sit and wonder “When is mine?” But life goes on no matter how much I cry. All I can do is sit and wonder WHY?? It hurts and he will always be in my heart–because in my life he was a BIG part!! I realize now that I have to cherish every moment of life because life has to go on. I would do anything or everything to have him near me. But I realize that he can see everything that goes on. I know he is in a better place, and I pray that he knew how much I loved him/ (still love him). But just in case—“AARON I LOVE YOU!!” I know Aaron would say, “Vickie there’s nothing to fear.” I’ll see you soon when you’re up here!!

Love Always
Vickie Saucedo

FAKE EVERYTHING

What do you do when your dreading night
All day you ponder what night will bring
It might appear and bring weird things
Like the night before.
NO SLEEP, NO REST, NO NOTHING
Wondering if he’s OK, where he’s at,
and why he took him.
He hurt alot of people by taking him
Maybe night will be pleasant with sedatives
Fake sleep, Fake dreams that scare me to death
Maybe by morning it will be fine
I Doubt it.

Love Always,
Andrew Randolph

The Year That Was!
September 11, 2001
Life in America stood still on the morning of September 11, 2001. Unity in America became stronger on the morning of September 11, 2201.

On the morning of September 11, 2001, the United States of America awoke to find itself under attack. In the City of New York, hijacked commercial airliners were crashed into the World Trade Center. Less than two hours later, both 110-story Twin Towers collapsed, killing some 5,000 innocent men, women, and children. It was the deadliest day in American history, costing more lives than the attack on Pearl Harbor or D-Day.

In the aftermath of this unimaginable tragedy, New Yorkers, and all Americans, have united as never before. Inspired by countless examples of courage and generosity, we have met the worst of humanity with the best of humanity. The darkest day in our long history has led to our finest hour.

The magnitude of the horror is still hard to comprehend. Those proud Twin Towers that crowned our skyline for a quarter century no longer stand. Even more devastating is the loss of thousands of individuals who were killed in the attack. All were innocent. All were heroes.

Those who went to work in the World Trade Center on September 11 were engaged in the quiet heroism of supporting their families, pursuing their dreams, and playing their own meaningful part in a diverse, dynamic, and free society. We will never know many of the selfless acts of courage that occurred among them that day, but they will occupy a sacred place in our hearts and in our history. They will never be forgotten.

Oklahomans understood the impact of this tragedy and responded with the collection of $1.00 per school student, to purchase the “Spirit of Oklahoma” fire truck to replace those damaged in New York. The only tragedy equally comparable was the bombing of the Murrah Building in Oklahoma City on April 19, 1995.

We need to remain united as individuals, as Americans, and as countries committed to life in the civilized world against the tyranny of terrorism.

September 11, 2001, will be remembered in our hearts and on our minds forever.

"WE WILL NEVER FORGET"
A portion of the proceeds from all World Beat sales will go directly to the September 11 Jostens Disaster Relief Fund.
“We will rally the world to this cause by our efforts, by our courage. We will not tire, we will not falter and we will not fail.”

—President George W. Bush
World

↑ Russian President Vladimir Putin and President Bush agree to cut nuclear missile arsenals by nearly two-thirds. Later, Bush unilaterally pulls out of the 1972 Anti-Ballistic Missile Treaty to pursue a missile defense system.

← Americans face armed guards and tighter check-in procedures as airport security restrictions are heightened following the terrorist attacks on September 11.

↑ Japanese Crown Princess Masako gives birth to a baby girl in December. The birth generates fresh debate about male-only succession to Japan's throne.

→ Americans face another form of terror when anthrax-laced letters are sent to members of Congress and the media. Five people are killed in the attacks, and clean-up of government buildings costs millions of dollars.

← California residents endure drastic electricity shortages in the fall. To support energy conservation measures Jay Leno stages an "unplugged" episode of NBC's "The Tonight Show."

→ Democrats gain majority control of the Senate for the first time since 1994 when Vermont Senator James Jeffords leaves the Republican Party because of his opposition to President Bush's agenda.

↑ Argentina's economy collapses, sparking deadly anti-government protests and looting as the country reaches an unemployment rate of 18% and a budget deficit of $11 billion.

↓ During a year marked by economic recession, Americans open their hands, and wallets, to much-anticipated IRS rebate checks.
