

IPM 5 Day Notification

May 30, 2022

When necessary, the Brewer School Department applies specific herbicides and pesticides for both weed, grub and pest control.

Weather permitting, Green Thumb Lawn Service will be performing the application, on all athletic fields and school grounds, at both BCS (92 Pendleton Street.) and BHS (79 Parkway South), on Sunday, June 5th. If rain is in the forecast then the application will occur on Saturday, June 4th. Please observe all postings, and keep off all treated areas during the application and until dry.

The chemicals being applied are Acelepryn 0.067% (EPA Registration No. 100-1492-82757), Chaser Turf Herbicide (EPA Registration No. 34704-928) and BisectL (EPA Registration No. 34704-955).

If you have any questions, please contact Lucas Graychase, Brewer School Department's Integrated Pest Management Coordinator, at 989-8664.
