

IPM 2 Day Notification

August 7th, 2022

When necessary, the Brewer School Department applies specific herbicides and pesticides for both weed and insect control.

Weather permitting, Green Thumb Lawn Service will be performing the weed and insect control application to the BCS and BHS athletic fields on Wednesday, August 10th 2022 with a rain date of Thursday, August 11th 2022. Please observe all postings, and keep off all treated areas during the application and until dry.

The weed control being applied is Chaser
(EPA Registration No. 34704-928).

The insecticide being applied is Bisect L
(EPA Registration No. 34704-955)

If you have any questions or concerns, please contact Lucas Graychase, Brewer School Department's Integrated Pest Management Coordinator, at 207-989-8664.
