TCHS's Plan for Shared Student Success

What is it?

Our Parent Involvement Plan is a plan that outlines what we will provide for parents and guardians, and how we will work together to strengthen the academic success of each student in our school. Our Parent Involvement Plan is based upon our school goals for student academic achievement and is developed jointly by school staff and parents/guardians. This plan describes the different ways that TCHS will support parent engagement and how parents can help plan and participate in activities/events to promote student learning at school and at home.

How is it revised?

The TCHS Parent Involvement Plan is updated annually. TCHS invited all parents to attend our annual Title I Parent Input meeting this fall to review and revise the parental involvement plan, as well as the schoolwide plan, our school-parent compact and the parental involvement budget. Additionally, parent input and comments regarding this plan are welcome during the school year through email correspondence. The plan is posted on our school web site for parents to view and submit feedback throughout the year. All parent feedback received during the year will be used to revise the plan for the next school year. We also distribute an annual survey (hard copy and online) and ask parents for their suggestions on the plan and the use of funds for parental involvement. Parents can also give feedback during several parent meetings and activities during the school year.

Who is it for?

All students participating in the Title I, Part A program, and their families, are encouraged and invited to fully participate in the opportunities described in this plan.
