

April 28, 2020

MVR-III Students & Parents,

We are happy to announce 6 of the MVR-III school sites now have free Wi-Fi access to continue off-site learning during the 4th quarter. Look for the MVR-III Wi-Fi Parking Lot signs to locate the best service.

TECHNOLOGY ACCESS

Ensuring all students have the technology and internet access they need to engage in online learning is an enormous challenge for school districts, especially those in rural areas with limited technology availability.

The Meramec Valley R-III School District is offering free Wi-Fi availability to students from 6 school parking lots. While on campus, please adhere to the CDC's guidelines of social distancing:

- Stay at least 6 feet from other people
 - Do not gather in groups
 - Stay near your vehicle
 - If you are sick or suspect you are infected with the COVID-19, please avoid using our campuses
-
