

Alcona Community Schools

Local Internet Resources

[Charter](#)

Charter is offering free internet and WiFi service for households with Pre-K to college students. If you are able to sign up for this service, it will be one of the best options for students' online learning as it provides the largest bandwidth option. To sign up call 885.243.8892.

[Lakeshore Broadband](#)

- [Link to Map](#)

Lakeshore broadband is a local provider that covers a large portion of our eastern side of the county. See the map linked above or call lakeshore broadband at 989.739.5202 to find out if you're in their service area. This service is free for students until June 30th but families will have to pay for an installation fee.

[Frontier](#)

Frontier covers a large portion of our county but you will need to call 877.462.6606 to ensure that they cover your specific address.

[Century Link](#)

This provider offers DSL to part of our southwestern portion of the county. The price is not bad and they do not require a contract.

[Allband](#)

Allband is another local company that offers fiber internet to your home and covers a large portion of Mikado over to Glennie and north on 65. Their pricing is reasonable for the service they provide. You can reach their office 866.500.6799.
