**ROBINSON**

**SCHOOL PLEDGE**

I am a team member of Robinson School. I am here to learn. Therefore, I will:

RESPECT myself, others, and my community;

COOPERATE with everyone; and

PROMOTE a positive learning environment.

## **SCHOOL INFORMATION**

### **ARRIVING AT SCHOOL**

Students should plan to arrive at school no earlier than 7:30 a.m. Early drop-off is available on an as-needed basis and begins at 7a.m.. Behavioral guidelines must be followed if students come early. Classes begin at 7:50 a.m. Students who are not in their assigned class by 7:50 a.m. will be considered tardy.

### **VISITORS TO SCHOOL**

All visitors must report to the main office (the south entrance) upon arriving on school grounds between the hours of 7:50 a.m. and 3:30 p.m. Visitors will be issued a "Visitor Pass", which is required to visit in a classroom or other parts of the building. Students are not permitted to bring non-Aurora students to school during the school day.

### **AFTER SCHOOL**

Dismissal time is 3:30 p.m. Students are allowed to remain in the building after school for specified organized activities or under the direct supervision of a teacher. If it is necessary for students to wait for their parents to pick them up after school, they are to wait at or outside the front (west) main entrance. Students will be encouraged to ride the bus or make other transportation arrangements if they can't be picked up by 3:30.

### **ATTENDANCE**

Absence from school should be kept to an absolute minimum. Appointments, when possible, should be made outside the school day. When students are absent from school for any reason, parents should notify the office at 678-7436. This is for each child's safety and protection. A written note must also be sent upon your return to school. An admit slip will be required for admission to class. When it is necessary for a student to leave during the school day or arrive late, parents or guardians picking up or dropping off a student must enter the building and sign the student in or out with the Robinson secretary.

In addition to the specific academic requirements in each class, an acceptable attendance rate must be maintained. Policy exemptions may be granted for extenuating circumstances only. The Attendance Officer and/or the Attendance Committee, (consisting of one administrator and four teachers), will analyze extenuating circumstances. When a student's attendance rate drops to 92% or below, the attendance office will send a notification letter home. If a student's attendance rate drops to 85% or below, the principal will contact the parents. A student with 80% or less attendance is subject to a hotline call for educational neglect, notification of juvenile authorities and a letter written to the prosecuting attorney.

Verified absences would include:

- Personal injury or illness
- Serious illness in the immediate family
- Professional appointments that cannot be scheduled outside the school day
- Court summons
- Religious holiday
- Inclement weather
- Quarantine
- Death in the family
- Other absences approved by the attendance committee \*Verified absences will still lower the students attendance percentage, however, it is not considered neglect.

**If a student has less than 80% attendance, mandatory summer school will be considered. If a student has less than 80% attendance in each semester, retention will be considered.**

**Truancy** - This is an absence of which the parents were not aware. These will be unexcused and disciplinary consequences will result. Work for these absences cannot be made up. Ref: BOE Policy - JEA  
The Public School Laws of Missouri, 167.031, state, "Every parent, guardian, or other person in this state having charge, control or custody of a child between the ages of seven and sixteen shall cause the child to attend regularly some day school, public, private, parochial or parish, not less than the entire school term of the school which the

child attends or shall provide the child at home with regular instruction during the usual school hours which shall, in the judgment of a court of competent jurisdiction, be at least substantially equivalent to instruction given to children of like age in the day schools in the locality in which the child resides;..." Absences, which are deemed excessive, even if the parent is aware of such absences, shall be dealt with on a case- by-case basis. An excessive pattern of non-attendance will be reported to the Division of Family Services and/or juvenile authorities.

### **BUS TRANSPORTATION**

The safety of students during their transportation to and from school or activities is a responsibility, which is shared by the student, parents, bus drivers and school officials. Students are responsible for following all the rules of conduct while waiting for or riding a school bus. School rules apply to students concerning bus conduct. Students are to be reminded that bus riding is a privilege, not a right. This privilege will be forfeited if students cannot follow the rules of safe bus behavior per Bus Rider Code of Conduct.

### **CLOSED CAMPUS**

Robinson School is a CLOSED CAMPUS. Once students arrive at school, they are not to leave unless signed out by an authorized adult.

### **DRESS CODE - PRESCHOOL Through 4<sup>th</sup> Grade**

## **ACTIVITIES GUIDELINES**

Participation in the activity programs at Robinson School is a privilege. When a student's conduct in school results in a suspension of any type, the student will be excluded from the activity programs for the length of the suspension. School suspensions can result in the loss of field trip privileges if the trip has been designated as a reward for good behavior. In order for a student to attend or participate in an after school activity, it is required the student be present at school for a minimum of half a day.

## **FOOD & DRINK AT SCHOOL**

Gum, food, drinks, and snacks are allowed at the teacher's discretion. The Aurora Public School System is under contract with Sodexo food service. Energy drinks of any type are strictly prohibited during the school day. Drinks with caffeine and high sugar content are highly discouraged. **Students and parents are prohibited from providing lunch to multiple students in the cafeteria and due to food allergies are not allowed to share food at any time.**

## **HEALTH INFORMATION - NURSE**

A nurse is at the school on a full-time basis. A student should obtain permission from a teacher or the office before going to the nurse and bring a pass with them. Children should not be sent to school sick. If your child has a temperature of 100 degrees or greater, vomiting or diarrhea, he/she should stay at home until these symptoms have not occurred for 24 hours or otherwise approved by the school nurse.

**Medication** - any medication that has to be taken at school should be taken to the nurse along with a note from a parent giving permission for the nurse to give medication. Medication must be in the original labeled container. No over-the-counter medication will be given longer than one week without a doctor's request.

**Head lice** - The Aurora R-8 School District checks students periodically for head lice. If a student is found to have head nits (eggs), information will be sent home for the family. If a student is found to have head lice (live bugs) the child will be removed from school until proper treatment has been used. To re-enter school the student must be treated with an approved lice and nit killer. The school nurse will check the student before returning to class.

## **HOMEWORK POLICY**

During the course of the school day, students are given time to work on assignments. If a student does not complete an assignment in the time given it could be sent home as “homework”. No work will be assigned for the specific purpose to be completed at home. If a student misses school due to illness they will be given time to make up work for the days missed. If a student needs more help with any school work before or after school tutoring can be requested.

## **LIBRARY USE**

Library hours are from 8:15 a.m. to 3:00 p.m. daily. Most books are loaned for a two-week period. Some reference and reserved material are for one period only. Students are expected to pay for books that are lost or damaged. Students must have a pass to use the library during the school day. Students will receive information about the appropriate use of Internet and will sign off that they understand the information before using the Internet.

## **INTERNET POLICY**

All students and parents will be required to sign an agreement with the district Internet policy prior to use of the computer lab, library internet facilities, or any other district provided devices. Any violations of the computer agreement will be subject to the discipline policy.

## **LOCKERS AND LOCKS (5<sup>th</sup> & 6<sup>th</sup> grade only)**

Lockers will be used for lunchbox/book bag and coat storage only. They will not be locked. Lockers shall be kept neat and clean without personal markings, stickers, decals, etc. unless school authorized. The student should use the locker that is assigned to him/her and only that locked. Student book bags and coats (other than recess time) should remain in the locker for the course of the day.

## **STUDENT SEARCHES**

School lockers, desks, and buildings are the property of the school district and are provided for the convenience of the students, and as such, are subject to periodic inspection without notice, including searches by drug dogs. Students or student property may be searched based on reasonable suspicion of a violation of district rules, policy or state law. Ref: Board Policies - JFG and JFCI

## **LOST AND FOUND**

All articles found will be placed in the lost and found. Please check with the office if items are lost. Many articles are not claimed. Articles not claimed by the end of each quarter will be given to a charitable organization. Please use name labels or some form of identification on items of clothing and other belongings so that they can be recognized and returned to the owner.

## **LUNCH**

Each grade is assigned to a lunch period. **Lunches should be pre-paid by paying in the office with cash/check or online with the SIS PARENT PORTAL.** However, should charges occur, they will not be allowed to go over \$10.00. At that time students will no longer receive a regular school lunch. They must bring a lunch from home or receive an alternative school lunch. Students should follow all posted lunch rules while eating.

## **ELECTRONICS**

It is strongly suggested that any type of personal mobile device not be brought to school due to the possibility of theft and interruption to the learning environment. Mobile devices include, but are not limited to, any device that can electronically communicate to the Internet, other device, or be connected in any way to another device. Examples include cell phones, tablets, smart watches, computers, music players, Bluetooth device, etc. **These devices are not to be used during class, between classes, during recess, or at lunch.** Any use of a mobile device during the school day will result in immediate confiscation and subject to additional discipline. . CELL PHONES

ARE NOT TO BE USED IN ANY SCHOOL-WIDE EMERGENCY SITUATION DUE TO THE LIKELIHOOD OF INTERFERENCE WITH OFFICIAL ACTIONS.

### **PERSONAL PROPERTY**

Expensive items or materials of value should not be brought to school. This includes trading cards, radios, electronic devices, expensive calculators, cameras, expensive watches and large sums of money. Such items could be lost or stolen and the school nor its staff can not be responsible for these items. Any of these items could be confiscated and have to be picked up by a guardian.

### **SCHOOL COUNSELING**

The School Counseling program is designed to meet student needs in the areas of academics, career development, personal counseling and consultation with parents and teachers. Student appointments with the counselor will be arranged to minimize disruption of classroom time. Consistent with the rights of the individual and the obligations of the counselor as a professional, the counseling relationship and resulting information is, in most instances, considered as privileged communications. When appropriate, counselors will be responsible for explaining to students the ramifications of and exceptions to this confidentiality. Ref: BOE Policy – JHD

### **SKATEBOARDS / IN-LINE SKATES / SKATE SHOES / HOVERBOARDS**

Skateboards, in-line skates, hoverboards, and skate shoes are prohibited. This decision is based on the safety of all students.

### **STUDENT CHECKOUT PROCEDURE**

Students will be dismissed from school to the custody of their parents, guardian, and other persons specifically listed on the enrollment data verification forms. It will be necessary for the individual picking up the child to personally sign the student out through the office between the hours of 7:50 & 3:30. (Identification will be required if the guardian is not recognized by office staff.) Picking students up in front of the building will not be permitted during the school day. This procedure is necessary to ensure the safety of all students.

### **TELEPHONE USAGE**

School phones are for school business only. However, students may use classroom phones for emergencies. This will be done under the supervision of the classroom teacher. Students abusing this privilege are subject to disciplinary action. Any student making bogus or prank 911 calls are subject to suspension from school and a forwarding of information regarding his/her actions to appropriate juvenile authorities.

### **SCHOOL PROPERTY & TEXTBOOK POLICY**

Students are responsible for the care and maintenance of all school property, as well as library books, textbooks, and planners. If lost, damaged or defaced, the student will be assessed a charge for damages or replacement of textbooks, library books, or any other school material.

### **VIRTUAL EDUCATION**

The Aurora R-VIII School District offers several virtual/online courses through Edgenuity. In addition, the district also partners with the Springfield Public School's Launch Program, which has a large variety of rigorous online courses available for K 12.

### **MOCAP**

Missouri Course Access and Virtual School Program (MOCAP) was established in 2007 as the state's online school. It was previously known as Missouri Virtual Instruction Program (MOVIP). Currently, MOCAP offers courses for kindergarten through grade 12. Students can take courses from any Internet-connected computer, available 24 hours

a day, and 7 days a week. MOCAP's mission is to offer Missouri students equal access to a wide range of high quality courses, and interactive online learning that is neither time nor place dependent.

Beginning January 2020, virtual course registration follows the same timelines and procedures used in each district school to place students in regular classes. Aurora R Vill open enrollment in virtual courses occurs between August 1 and the end of the second week of school. Open enrollment for virtual courses also occurs during the first two weeks of second semester. Below is a link to the district's school board policy and administrative procedure regarding virtual courses (IGCD and IGCD-AP(1)) and a link to the DESE (Department of Elementary and Secondary Education) MOCAP page. If you would like additional information about virtual courses, please contact the building counselor or principal where your child attends.

The district will pay the cost of a virtual course only if the district has first approved the student's enrollment in the course as described in the policy. Even if a student or his or her parents/guardians pay the costs for a virtual course, the student or parents/guardians should meet with the principal or designee prior to enrollment to ensure that the course is consistent with the student's academic and personal goals.

The district is not required to provide students access to or pay for courses beyond the equivalent of full-time enrollment. Students taking courses virtually are subject to district policies, procedures, and rules applicable to students enrolled in traditional courses including, but not limited to, the district's discipline code and prohibitions on academic dishonesty, discrimination, harassment, bullying, and cyberbullying.

When determining if enrollment in a virtual course is the best educational decision for a student, the student and parent should consider the following information.

#### **Preferred Student Skills for Success in Virtual Courses:**

\*Student has demonstrated time-management skills that indicate the student is capable of submitting assignments and completing course requirements without reminders. \*Student has demonstrated persistence in overcoming obstacles and willingness to seek assistance when needed.

\*Student has demonstrated verbal or written communication skills that would allow the student to succeed in an environment where the instructor may not provide nonverbal cues to support the student's understanding, \*Student has the necessary computer or technical skills to succeed in a virtual course. \*Student has access to technology resources to participate in a virtual course, \*Student previously has been successful with virtual coursework.

#### **Appeals Process**

If the principal or designee determines that it is not in a student's best educational interest to take a virtual course, the student and the parents/guardians will be notified in writing, provided an explanation for the decision and informed that the student or parents/guardians may appeal the decision to the Board. However, if the student is receiving special education services, the student's IEP team will make the final decision regarding student enrollment in a virtual course in accordance with federal law, and the decision must be appealed through the special education process rather than through the Board.

If the student or parent/guardian appeals to the Board, the principal or designee will provide the Board written reasons for denying the student's enrollment, and the student or parent/guardian will provide written reasons the student should be allowed to take the course. Both documents will be retained by the Board and will be incorporated into the minutes. In addition, the student, parents/guardians and the principal or designee will be allowed to present their arguments at a Board meeting.

The appeal to the Board shall be held in closed session. The Board will consider the information presented and release a written decision within 30 calendar days of the meeting. The student or parents/guardians may appeal the decision to DESE. The appeal to DESE must be filed within 7 days of the Board's final decision.

### **Alternative Methods of Instruction (AMI)**

The Aurora R-VIII School District has worked through a collaborative process to implement an Alternative Method of Instruction (AMI) plan to be utilized for up to 5 days when school is closed due to a health concern, inclement weather, flooding, exceptional emergency circumstances, or other natural disasters.

The goal of the AMI plan is to embed learning activities focused on reinforcement of critical learning standards, enrichment activities, or support for further skill development. Consistent practice and exposure to skills without interruption is the most effective way to ensure student understanding and mastery of content knowledge.

We will notify all parents/guardians, as we have in the past, via school outreach calls/text and social media postings in the event of school closures and use of AMI days.

### **STUDENT DISCIPLINE DEFINITIONS/POLICIES**

#### **Regulation JG-R1: STUDENT DISCIPLINE**

##### **Aurora R-VIII**

**Original Issued Date:** 09/15/2017 **Last Issued Date:** 07/01/2017

##### **Status ISSUED**

The Student Code of Conduct is designed to foster student responsibility, respect for others, and to provide for the orderly operation of district schools. No code can be expected to list each and every offense that may result in disciplinary action; however, it is the purpose of this code to list certain offenses which, if committed by a student, will result in the imposition of a certain disciplinary action. Any conduct not included herein, any aggravated circumstance of any offense, or any action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/or Board of Education. In extraordinary circumstances where the minimum consequence is judged by the superintendent or designee to be manifestly unfair or not in the interest of the district, the superintendent or designee may reduce the consequences listed in this policy, as allowed by law. This code includes, but is not necessarily limited to, acts of students on district property, including playgrounds, parking lots and district transportation, or at a district activity, whether on or off district property. The district may also discipline students for off-campus conduct that negatively impacts the educational environment, to the extent allowed by law.

### **REPORTING TO LAW ENFORCEMENT**

It is the policy of the Aurora R-VIII School District to report all crimes occurring on district property to law enforcement including, but not limited to, the crimes the district is required to report in accordance with law. A list

of crimes the district is required to report is included in policy JGF.

The principal shall also notify the appropriate law enforcement agency and superintendent if a student is discovered to possess a controlled substance or weapon in violation of the district's policy.

In addition, the superintendent shall notify the appropriate division of the juvenile or family court upon suspension for more than ten days or expulsion of any student who the district is aware is under the jurisdiction of the court.

### **DOCUMENTATION IN STUDENT'S DISCIPLINE RECORD**

The principal, designee or other administrators or school staff will maintain all discipline records as deemed necessary for the orderly operation of the schools and in accordance with law and policy JGF.

### **CONDITIONS OF SUSPENSION, EXPULSION AND OTHER DISCIPLINARY CONSEQUENCES**

All students who are suspended or expelled, regardless of the reason, are prohibited from participating in or attending any district-sponsored activity, or being on or near district property or the location of any district: activity for any reason, unless permission is granted by the superintendent or designee. When appropriate, the district may prohibit students from participating in activities or restrict a student's access to district property as a disciplinary consequence even if a student is not suspended or expelled from school. Likewise, a student may become ineligible for or be required to forfeit any honors and awards as a disciplinary consequence.

In accordance with law, any student who is suspended for any offenses listed in § 160.261, RSMO., or any act of violence or drug-related activity defined by policy JGF as a serious violation of school discipline, shall not be allowed to be within 1,000 feet of any district property or any activity of the district, regardless of whether the activity takes place on district property, unless one of the following conditions exist:

1. The student is under the direct supervision of the student's parent, legal guardian, custodian or another adult designated in advance, in writing, to the student's principal by the student's parent, legal guardian or custodian, and the superintendent or designee has authorized the student to be on district property.
2. The student is enrolled in and attending an alternative school that is located within 1,000 feet of a public school in the district.
3. The student resides within 1,000 feet of a public school in the district and is on the property of his or her residence.

Asbestos is a naturally occurring mineral that has properties that made it an ideal building material for insulating, sound absorption, decorative plasters, fireproofing, and a variety of miscellaneous uses. There have been over 3,000 different products made using asbestos materials. However, when it became recognized as a health hazard, Congress enacted the Asbestos Hazard Emergency Response Act of 1986 (referred to as AHERA) in order to determine the extent of, and to develop solutions for any problems schools may have with asbestos. The EPA began action to limit uses of asbestos products in 1973 and most uses of asbestos products as building materials were banned in 1978.

The Aurora R-VIII School District has recently had our facilities inspected by a certified asbestos inspector, as required by AHERA. The inspector located, sampled, and rated the condition and hazard potential of all material in our facilities suspected as containing asbestos. The inspection and laboratory analysis records were turned over to a professional certified to develop asbestos management plans. He has developed an asbestos management plan for our facilities which includes: this notification letter, education and training of our employees, and a set of plans and procedures designed to minimize the disturbance of the asbestos containing materials and plans for regular surveillance of the asbestos containing materials.

A copy of the asbestos management plan is available for your inspection in our administrative offices during regular office hours. All inquiries regarding the plan may be directed to the Asbestos Coordinator at 417-678-3373. We are intent on not only complying with and exceeding federal, state, and local regulations in this area. We plan on taking whatever steps are necessary to insure your children and our employees have a healthy, safe environment in which to learn and work. (Board Policy EBAB-AP(1)).

#### **ASSESSMENT**

The Aurora R-VIII Schools will use standardized assessments as one indication of the success and quality of the district's education program. Further, the Board recognizes its obligation to provide for and administer assessments as required by law. The Board directs the superintendent or designee to create procedures governing assessments consistent with law and Board policy. In cooperation with the administrative and instructional staff, the Board will annually review student performance data and use this information to evaluate the effectiveness of the district's instructional programs, making adjustments as necessary. The district will comply with all assessment requirements for students with disabilities mandated by federal and state law, including the Individuals with Disabilities Education Act (IDEA).

The superintendent or designee shall ensure that the district has a written assessment plan that shall test competency in the subject areas of communication arts, reading, language arts, science, mathematics, social studies and civics, as required by law. The purposes of the district wide assessment plan are to facilitate and provide information regarding student achievement, student counseling, instructional change, and school and district evaluation.

The district will implement the components of the Missouri Assessment Program (MAP) in order to monitor the progress of all students in meeting the Missouri Learning Standards, as set forth by the Missouri State Board of Education. Any eligible student for whom English is a second language shall participate, but the student's scores shall not be counted until the student has been educated for three (3) full school years in a school in which English is the primary language. (Board Policy IL).

#### **HUMAN SEXUALITY CURRICULUM**

Pursuant to requirements of state law, if the district chooses to use any course materials and instruction relating to human sexuality and sexually transmitted diseases the materials and instruction shall be medically and factually accurate. The law also requires that the materials and instruction, if used, shall: (1) present abstinence from sexual activity as the preferred choice of behavior in relation to all sexual activity for unmarried students because it is the only method that is one hundred percent effective in preventing pregnancy, sexually transmitted diseases and the emotional trauma associated with adolescent sexual activity, and advise students that teenage sexual activity places them at a higher risk of dropping out of school because of the consequences of sexually transmitted diseases and unplanned pregnancy; (2) stress that sexually transmitted diseases are serious, possible health hazards of sexual activity. Students shall be provided with the latest medical information regarding exposure to human immunodeficiency virus, acquired immune deficiency syndrome (AIDS), human papilloma virus, hepatitis and other sexually transmitted diseases; (3) present students with the latest medically factual information regarding both the possible side effects and health benefits of all forms of contraception, including the success and failure rates for the prevention of pregnancy and sexually transmitted diseases; (4) include a discussion of the possible emotional and psychological consequences of preadolescent and adolescent sexual activity and the consequences of adolescent pregnancy, as well as the advantages of adoption, including the adoption of special needs children, and the processes involved in making an adoption plan; (5) teach skills of conflict management, personal responsibility and positive self-esteem through discussion and role playing at appropriate grade levels to emphasize that the student has the power to control personal behavior. Students shall be encouraged to base their actions on reasoning, self-discipline, sense of responsibility, self-control, and ethical considerations, such as respect for one's self and others. Students shall be taught not to make unwanted physical and verbal sexual advances or otherwise exploit another person. Students shall be taught to resist unwanted sexual advances and other negative peer pressure; (6) advise students of the laws pertaining to their financial responsibility to children born in and out of wedlock and advise students of the provisions of chapter 566, RSMo., pertaining to statutory rape.

Students may be separated by gender for human sexuality instruction. The Board shall determine the specific content of the district's instruction in human sexuality, in accordance with the requirements of state law. Instruction in human sexuality is to be appropriate to the age of the students receiving such instruction.

The district is required to notify the parent or legal guardian of each student enrolled in the district of the basic content of the district's human sexuality instruction to be provided to the student and of the parent's right to remove the student from any part of the district's human sexuality instruction. The district is required to make all curriculum materials used in the district's human sexuality instruction available for public inspection as a public record prior to the use of such materials in actual instruction. (Board Policy IGAEB).

#### **EARTHQUAKES AND OTHER EMERGENCIES**

In accordance with law, the Aurora School District has developed and implemented a district-wide school building disaster plan, in order to protect students and staff during and after earthquakes and other emergencies. Emergency exercises that require students and staff to simulate emergency conditions are held each year for fire, severe weather, tornado, bus evacuation, earthquakes, lock-down, shelter-in-place, and evacuation.

Earthquakes are the shaking, rolling or sudden shock of the earth's surface. Earthquakes happen along "fault lines" in the earth's crust. Earthquakes can be felt over large areas although they usually last less than one minute. Most of the time, you will notice an earthquake by the gentle shaking of the ground. You may notice hanging plants swaying or objects wobbling on shelves. Sometimes you may hear a low rumbling noise or feel a sharp jolt. A survivor of the 1906 earthquake in San Francisco said the sensation was like riding a bicycle down a long flight of stairs. Earthquakes are sometimes called temblors, quakes, shakers or seismic activity. The most important thing to remember during an earthquake is to

DROP, COVER and HOLD ON. So remember to DROP to the floor and get under something for COVER and HOLD ON during the shaking. (Board Policy EBC-1).

#### **INDIVIDUALS WITH DISABILITIES EDUCATION ACT**

All responsible public agencies are required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the agency, regardless of the severity of the disability, including children attending private schools, children who live outside the district but are

attending a private school within the district, highly mobile children, such as migrant and homeless children, children who are wards of the state, and children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade. The Aurora R-VIII School District assures that it will provide a free, appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. Disabilities include autism, deaf/blindness, emotional disorders, hearing impairment and deafness, intellectual disability, multiple disabilities, orthopedic impairment, other health impairments, specific learning disabilities, speech or language impairment, traumatic brain injury, visual impairment/blindness and young child with a developmental delay.

The Aurora R-VIII School District assures that it will provide information and referral services necessary to assist the State in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program.

The Aurora R-VIII School District assures that personally identifiable information collected, used, or maintained by the agency for the purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/guardians may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the **Family Educational Rights and Privacy Act (FERPA)**.

The Aurora R-VIII School District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance with the General Education

Provision Act (GEPA). This plan may be reviewed at the district's Central Office, 201 S. Madison, Monday – Friday from 8:00 a.m. until 4:00 p.m. This notice will be provided in native languages as appropriate. (Board Policy IGBA-AP1, IGBA-AP2)

#### **PHYSICAL EXAMINATIONS AND SCREENINGS**

The Aurora R-VIII Schools will notify parents of the specific or approximate dates on which any non-emergency invasive physical examination or screening will be performed, if there are to be any such examinations or screenings. This notice is mandatory for any such procedure that is required as a condition of attendance, administered by the school, scheduled in advance, and not necessary to protect the immediate health or safety of the student and that exposes private body parts or includes incision, insertion, or injection into the body. The notice need not exclude hearing, vision or scoliosis screenings. If any such examination or screening is scheduled and any such notice made, the notice will offer an opportunity for the parents or an appropriately aged student to opt out of this activity. (Board Policy JHC).

#### **READING INSTRUCTION**

Students in grades K-4 are provided systematic, research-based instruction in reading for all students. Systematic and explicit instruction is used in the teaching of reading. All students receive at least ninety minutes of reading instruction per day. Additional materials are used to support and supplement the teaching of reading.

#### **SCHOOL ACCOUNTABILITY REPORT CARD**

The Aurora R-VIII Schools will provide, at least annually, an accountability report card for each school building to any household with a student enrolled in the district. This report card may be distributed by: (1) providing a copy to students at enrollment, (2) inclusion with student grade reports, (3) in newspaper publications, (4) posting on the internet or other electronic means accessible to the public, or (5) making copies available at all building administrative offices.

#### **Searches**

School lockers and desks are the property of the Board of Education and are provided for the convenience of students, and as such, are subject to periodic inspection without notice. Students or student property may be searched based on reasonable suspicion of a violation of district rules, policy or state law. Reasonable suspicion must be based on facts known to the administration, credible information provided or reasonable inference drawn from such facts or information. Personal searches, and searches of student property, shall be limited in scope based on the original justification of the search. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses, and never in front of other students. Students shall not be required to undress, although they may be asked to empty pockets, or remove jackets, coats, shoes and other articles of exterior clothing for examination if reasonable under the circumstances.

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains the authority to conduct routine patrols of the student parking lots. The interior of a student's automobile on school premises may be searched if the school authority has reasonable suspicion to believe that such a search will turn up evidence that the student has violated or is violating either the law or the rules of the school.

Law enforcement officials shall be contacted if the administration reasonably suspects that a student is concealing controlled substances, drug paraphernalia, weapons, stolen goods or evidence of a crime beneath his or her clothing and the student refuses to surrender such articles. Law enforcement officials may be contacted in any case involving a violation of law when a student refuses to allow a search, or where the search cannot safely be conducted. Parents may also be contacted. (Board Policy JFG).

#### **STUDENT DISCIPLINE POLICY**

The Aurora R-VIII Schools has a discipline policy and student code of conduct, which has been approved by the Board of Education and is published in the student handbook. This policy is designed to foster student responsibility, respect for the rights of others, and to ensure the orderly operation of district schools.

Board policy defines a weapon or weapons violation as the possession or use of any instrument or device, other than those defined in 18 U.S.C § 921, 18 U.S.C. § 930(g)(2) or § 571.010, RSMO., which is customarily used for attack or defense against another person or any instrument or device used to inflict injury to another person. (Board Policy JG, JG-R1, JGA-2, JGB, JGD, JGE, JGF, JFCJ).

**RIGHT TO INSPECT:** Parents or eligible students have the right to inspect and review the student's "educational records," as that term is defined under FERPA, within 45 days of the date upon which the District receives a request for access. Parents or eligible students should submit to their School Principal a written request identifying the records to be inspected.

**RIGHT TO PREVENT DISCLOSURE:** Parents or eligible students have the right to prevent disclosure of educational records to third parties with certain limited exceptions. The District will attempt to limit the disclosure of information contained in educational records to those instances when prior written consent has been given for the disclosure. The District may also disclose information under the provisions of FERPA that allow disclosure without prior written consent, as well as directory information (unless you have refused to permit such disclosure of directory information), in accordance with FERPA regulations. Parents of students and eligible students have the right, however, to refuse to permit the designation of any or all of the above information as directory information. In that case, the information will not be disclosed except with the consent of a parent or student, or as otherwise allowed by FERPA. Any parent or student refusing to have any or all of the designated directory information disclosed must file written notification to this effect with the principal of the school which the student attends. In the event a notification of refusal is not filed, the District assumes that neither a parent of a student or an eligible student objects to the release of the directory information designated.

**MILITARY RECRUITER ACCESS/STUDENT RECRUITING INFORMATION:** Upon request of military recruiters, the District is required by law to provide access to secondary students' names, addresses, and telephone listings. The District is also required to provide military recruiters with the same access to secondary school students as is provided generally to post-secondary educational institutions or to prospective employers. However, any secondary student or parent of a secondary student may request that the student's name, address, and telephone listing not be released without prior written consent of the parent. The District has adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The District will notify parents of these policies at least annually at the start of each school year and after any substantive changes. The District will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. ## DROPOUTS TO BE REPORTED TO STATE LITERACY HOT LINE--AVAILABILITY OF INFORMATION ON WEBSITE.

167.275. 1. Effective January 1, 1991, all public and nonpublic secondary schools shall report to the state literacy hotline office in Jefferson City the name, mailing address and telephone number of all students sixteen years of age or older who drop out of school for any reason other than to attend another school, college or university, or enlist in the armed services. Such reports shall be made either by using the telephone hotline number or on forms developed by the department of elementary and secondary education. Upon such notification, the state literacy hotline office shall contact the student who has been reported and refer that student to the nearest location that provides adult basic education instruction leading to the completion of a general educational development certificate.

2. All records and reports from or based upon the reports required by this section shall be made available by free electronic record on the department's website or otherwise on the first business day of each month. The names of the students who drop out and any other information which might identify such students shall not be included in the records and reports made available by free electronic media.

As required by law ([167.275 RSMo](#)), all public and nonpublic secondary schools are to report secondary students who drop out of school for any reason other than to attend another school, college or university, or enlist in the armed services to the Department of Elementary and Secondary Education. A 2009 revision to the law now requires the Department to make available by free electronic record on the first business day of each month the number of dropouts reported by school districts during the previous month without the identifying information on individual students.

Because a high school education can significantly increase a person's lifetime earnings and employability and improve their standard of living, the Department of Elementary and Secondary Education wants to contact the students who have left school as soon as possible. When schools report on a regular basis; such as monthly, it increases the chances of students receiving important information from DESE, such as the availability of [Adult Education and Literacy \(AEL\) classes](#) in their area of the state. For more information, contact the hotline at 800-521-7323.

## SCHOOL SAFETY PROVISIONS--RULES.

160.6601. On or before July 1, 2001, the state board of education shall add to any school facilities and safety criteria developed for the Missouri school improvement program provisions that require:

1. Each school district's designated safety coordinator to have a thorough knowledge of all federal, state and local school violence prevention programs and resources available to students, teachers or staff in the district; and
2. Each school district to fully utilize all such programs and resources that the local school board or its designee determines are necessary and cost-effective for the school district.

Any rule or portion of a rule, as that term is defined in section [536.010](#), that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section [536.028](#). This section and

chapter 536 are non-severable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void. **Missouri Violence Hotline** - CALL 1-866-748-7047, toll-free [ONLINE](#): Fill out a form — 24/7; Download the free "MO ReportIt" App from your App store; TEXT to 847411 using keyword, "ReportIt" Include school name and city.

1. Employees of public agencies, departments and political subdivisions;
2. Health records staff of school districts and childcare facilities;
3. Persons other than public employees who are entrusted with the regular care of those under the care and custody of a state agency including, but not limited to, operators of day care facilities, group homes, residential care facilities and adoptive or foster parents;

Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting of such acts.
3. Each district's anti-bullying policy shall be founded on the assumption that all students need a safe learning environment. Policies shall treat students equally and shall not contain specific lists of protected classes of students who are to receive special treatment. Policies may include age appropriate differences for schools based on the grade levels at the school. Each such policy shall contain a statement of the consequences of bullying.
4. Each district's anti-bullying policy shall require district employees to report any instance of bullying of which the employee has firsthand knowledge. The district policy shall address training of employees in the requirements of the district policy. (Board Policy JFCF)

- (2) In any State that has a compulsory residency requirement as a component of the State's compulsory school attendance laws or other laws, regulations, practices, or policies that may act as a barrier to the enrollment, attendance, or success in school of homeless children and youths, the State will review and undertake steps to revise such laws, regulations, practices, or policies to ensure that homeless children and youths are afforded the same free, appropriate public education as provided to other children and youths.

**Virtual/MOCAP**

Students interested in MOCAP (Virtual Education) should see the counselor for more information including:

- Enrollment requirements
- Authorized vendors
- Course offerings
- Eligibility criteria
- MSHSAA requirements

The Aurora R-VIII School District offers several virtual/online courses through Edgenuity. In addition, the district also partners with the Springfield Public School's Launch Program, which has a large variety of rigorous online courses available for K-12.

**MOCAP**

Missouri Course Access and Virtual School Program (MOCAP) was established in 2007 as the state's online school. It was previously known as Missouri Virtual Instruction Program (MOVIP). Currently, MOCAP offers courses for kindergarten through grade 12. Students can take courses from any Internet-connected computer, available 24 hours a day, and 7 days a week. MOCAP's mission is to offer Missouri students' equal access to a wide range of high quality courses, and interactive online learning that is neither time nor place dependent.

Beginning January 2020, virtual course registration follows the same timelines and procedures used in each district school to place students in regular classes. Aurora R-VIII open enrollment in virtual courses occurs between August 1 and the end of the second week of school. Open enrollment for virtual courses also occurs during the first two weeks of second semester. Below is a link to the district's school board policy and administrative procedure regarding virtual courses (IGCD and IGCD-AP(1)) and a link to the DESE (Department of Elementary and Secondary Education) MOCAP page. If you would like additional information about virtual courses, please contact the building counselor or principal where your child attends.

The district will pay the cost of a virtual course only if the district has first approved the student's enrollment in the course as described in the policy. Even if a student or his or her parents/guardians pay the costs for a virtual course, the student or parents/guardians should meet with the principal or designee prior to enrollment to ensure that the course is consistent with the student's academic and personal goals. The district is not required to provide students access to or pay for courses beyond the equivalent of full-time enrollment. Students taking courses virtually are subject to district policies, procedures, and rules applicable to students enrolled in traditional courses including, but not limited to, the district's discipline code and prohibitions on academic dishonesty, discrimination, harassment, bullying, and cyberbullying.

When determining if enrollment in a virtual course is the best educational decision for a student, the student and parent should consider the following information.

**Preferred Student Skills for Success in Virtual Courses:**

\*Student has demonstrated time-management skills that indicate the student is capable of submitting assignments and completing course requirements without reminders.

\*Student has demonstrated persistence in overcoming obstacles and willingness to seek assistance when needed.

\*Student has demonstrated verbal or written communication skills that would allow the student to succeed in an environment where the instructor may not provide nonverbal cues to support the student's understanding.

\*Student has the necessary computer or technical skills to succeed in a virtual course.

\*Student has access to technology resources to participate in a virtual course.

\*Student previously has been successful with virtual coursework.

**Appeals Process**

If the principal or designee determines that it is not in a student's best educational interest to take a virtual course, the student and the parents/guardians will be notified in writing, provided an explanation for the decision and informed that the student or parents/guardians may appeal the decision to the Board. However, if the student is receiving special education services, the student's IEP team will make the final decision regarding student enrollment in a virtual course in accordance with federal law, and the decision must be appealed through the special education process rather than through the Board.

If the student or parent/guardian appeals to the Board, the principal or designee will provide the Board written reasons for denying the student's enrollment, and the student or parent/guardian will provide written reasons the student should be allowed to take the course. Both documents will be retained by the Board and will be incorporated into the minutes. In addition, the student, parents/guardians and the principal or designee will be allowed to present their arguments at a Board meeting.

**Alternative Methods of Instruction (AMI)**

The Aurora R-VIII School District has worked through a collaborative process to implement an Alternative Method of Instruction (AMI) plan to be utilized for up to 5 days when school is closed due to a health concern, inclement weather, flooding, exceptional emergency circumstances, or other natural disasters.

The goal of the AMI plan is to embed learning activities focused on reinforcement of critical learning standards, enrichment activities, or support for further skill development. Consistent practice and exposure to skills without interruption is the most effective way to ensure student understanding and mastery of content knowledge.

We will notify all parents/guardians, as we have in the past, via school outreach calls/text and social media postings in the event of school closures and use of AMI days.
