

BMS Seventh Grade Preregistration Form

NAME _____ ID # _____

CORE CURRICULUM			
English Language Arts (Required)		Science (Required)	
	English 7 th		Science 7 th
	English 7 th Advanced		Science 7 th Advanced
Mathematics (Required)		Social Studies (Required)	
	Math 7 th		Social Studies 7 th
	Math 7 th Advanced		Social Studies 7 th Advanced

ELECTIVES		
Number your top six choices for electives (1st choice, 2 nd choice...6 th choice)		
	Class	Course Fee
	Ancient Civilizations	N/A
	Course surveys the evolution of society from the ancient Near East through Greek and Roman civilizations. Typically, the rise and fall of civilizations and empires are studied with an emphasis on the legacies provided to successive societies.	
	Art	\$20
	Course introduces students to a variety of tools, materials, skills and techniques through the elements and principals of design. Students learn to critique their work and the work of others.	
	Beginning Band	N/A
	Course develops technique for playing brass, woodwind, and percussion instruments, and covers a variety of non-specified band literature styles (concert, marching, orchestral, and modern styles).	
	Computer Applications I	N/A
	Designed for students with an interest in exploring the uses of the personal computer, General Computer Applications courses provide experience in the proper use of previously written software packages. A wide range of applications is explored, including (but not limited to) word processing, spreadsheet, graphics, and database programs. Electronic mail and desktop publishing may also be included. Exercises and problems may be from any field or may be defined by the student(s).	
	Drama	N/A
	Course promotes student's experiences and skill development in a variety of aspects of techniques, traditions, performances, projection, and production. Students learn to critique their work and the work of others.	
	Integrated Science (STEM) I	N/A
	Course introduces students to topics from earth and space science, life science, and physical science, when possible in an integrated manner. The materials may be organized around thematic units that use inquiry and help put the topics into familiar contexts.	
	Intermediate Band	N/A
	Course develops technique for playing brass, woodwind, and percussion instruments, and covers a variety of non-specified band literature styles (concert, marching, orchestral, and modern styles). Must be enrolled in Beginning Band.	
	Instrumental Ensemble	N/A
	Course is intended to develop technique for playing brass, woodwind, percussion, and/or string instruments in small ensemble groups. Instrumental Ensemble courses cover one or more instrumental ensemble or band literature styles. Must be enrolled in Beginning Band.	
	MESA	N/A
	Course incorporates hands on, real-world math activities into a variety of practical scientific situations by using experimental skills and processes to reach solutions. Students are challenged to discover hidden principles of math, science, engineering, and technology and apply these principles through the use of critical thinking, problem solving, and decision making by using theoretical frameworks, and by developing prototypes and working models.	
	Physical Education	\$20
	Course that provides instruction and development of skills in human movement, physical activities, and physical fitness. Students will participate in physical activity Monday – Thursday. Friday focus will be on human development and Social Emotional Learning.	
	Spanish I	N/A
	Course introduces students to the basic skills - listening, speaking, reading, and writing - and to the basic structures of Spanish taught within the cultural context. Emphasis will be placed on oral and written communication skills. Students are made aware of the importance of Spanish in their world.	

	Student Leadership	N/A
<p>Course is designed to strengthen students' personal and group leadership skills, typically intended for students involved in extracurricular activities (especially as officers of organizations or student governing bodies). Leadership courses may cover topics such as public speaking, effective communication, human relations, parliamentary law and procedures, organization and management, and group dynamics. Teacher recommendation and application process.</p>		
	Woodworking I	\$20
<p>Course introduces students to the various kinds of woods used in industry and offer experience in using selected woodworking tools. Student's design and construct one or more projects and will prepare a Bill of Materials. Correct and Safe use of tools and equipment is emphasized. As students advance within Woodworking classes, they focus on learning nomenclature of power tools, developing skills to safely use these tools in the workshop and becoming familiar with various kinds of wood finishing materials. All students will design a project, prepare a Bill of Materials, construct, and finish proposed projects. After completing this course, the student will have an understanding of wood and related materials and skills. All machines, their parts and operations, will be introduced by teacher demonstrations and related student readings. Students will gain experience in planning, designing, estimating, problem solving, shop drawings, and actual fabrication of useful items. The SAFE and CORRECT use of tools, machines and materials will be stressed at all times. Students will practice communication skills by applying reading, writing, listening, speaking, visual, and non-verbal skills.</p>
