

# Twin Hills Elementary School

*“Students Today; Leaders Tomorrow!” (Corrected)*

May 2022

## Principal's Message...

**“When you blame others you give up your power to change.” ~ Robert Anthony**

I own my successes and my failures. It is typical for people to only want to shoulder their joys, leaving the disappointing moments as the fault of others. Life has taught me that much of what happens to me is within my power to control based on the choice I make and my responses. People may assume that my journey to being ‘Dr. Nock’ has been an easy one. That could not be farther from the truth! In fact, I have met more naysayers than supporters, and more pitfalls than mountain peaks along the way. Throughout my life, I have experienced people who have told me how much I could not accomplish based on their beliefs and perceptions. I was fortunate to have a family base that taught me to remain strong about who I was and who’s I was. They taught me to love myself through life’s trials, never giving others the power to determine my outcome. I do not need a crystal ball to know that there will be times when our children are met with the unfair side of life, when they may not receive what they are due. That is when they must take control of their power to determine their goals, desires, and wants-choosing to believe in order to achieve their destiny. ~Dr. Nock

## Twin Hills Support The Willingboro Community Blood Drive

Twin Hills’s Student Council, National Elementary Honor Society, and Student Safeties are partnering with The American Red Cross and men of Nu Nu Chapter of Omega Psi Phi Fraternity, Inc., to promote blood donations for the local community. According to American Red Cross, every two seconds someone in the U.S. needs blood. Blood donations are used for accident victims, as well as cancer, organ transplant and surgery patients. People with chronic illnesses need blood, too. The American Red Cross offers the following good reasons to encourage you to donate blood:

- **You help others.** Your donated blood can potentially help save up to three lives.
- **You get a free health check-up.** Before you give blood, a nurse will check your blood pressure, pulse, temperature and hemoglobin levels. Your blood may also be checked for HIV, hepatitis and other diseases. So it’s like getting a mini check-up just for doing something good!
- **It may improve your heart health.** Donating blood temporarily lowers the iron in your blood. Elevated levels of iron may increase the risk of heart disease in men.
- **It only takes an hour.** The process of donating blood is simple and quick. You’ll likely be there about an hour, although the actual blood donation only takes about 10 minutes.
- **You or someone you love may need a blood donation one day.** It’s estimated that about 25% of people will need blood at least once in their lives. Although there’s no direct correlation between giving blood and receiving it, you may be as grateful one day as someone else currently is for the donation.

**Books Bring Us Together!**

**TRUSTWORTHINESS**

**Guidance Words of the Month**

**May's Words of the Month is**

Trustworthiness. Trustworthiness is the ability to keep promises, be honest, reliable, and principled

while never inappropriately betraying a confidence.

Put simply, being trustworthy means others can count on you no matter what.

# Principal's List- Quarter 3

## Important Reminders!

We ask parents to set the example by adhering to regulations and expectations.  
**Fire/Bus Lane: Parking Lot Safety**

- Visitors are not permitted park in the bus/ fire lanes.
