---	---	---	---	---	---

Be sure to check out our YouTube channel for videos from your teachers: New videos are posted on Mondays, Wednesdays, and Fridays! <https://www.youtube.com/watch?v=nWwUQNLFivY>

We have created a five-day plan to help with time management and consistency for students. We want all families to do what is best for them, understanding that students are not expected to spend more than 20 minutes per day per subject.

We have chosen to focus on one Scholastic article per day, but there are many more available. Students are always welcome to explore beyond the one article they are assigned. Just follow this link to access other daily articles, activities, and videos: <https://classroommagazines.scholastic.com/support/learnathome/grades-3-5.html>

In addition to completing the above activities, students are encouraged to read independently for 20 minutes each day. Students are also welcome to use the following websites at the parents' discretion. These are NOT mandatory.

These include:

Splash Math <https://clever.com/app-gallery/splashmathsync>

Xtramath <https://xtramath.org/#/home/index>

Hour of Code <https://hourofcode.com/us>

ABCYA <https://www.abcya.com/>

Multiplication.com <https://www.multiplication.com/>

*When students log into their google account they need their username@tecumseh.k12.ok.us. Their password will be CTSSstudent and if not check your students agenda if they have it. If you have questions contact your students teacher :)

Students are now able to take AR tests at home!
