Dear Fair Haven Grade School Families,

First and foremost, thank you for all that you are doing to help your children stay engaged in learning. At school, students do best with structure and routines and knowing what is expected of them. At the beginning of each school year, teachers develop a matrix of classroom expectations. We thought it might be helpful for your children to have a matrix of expectations for home learning. The PBiS team created an example of what a matrix for home learning might include. You may want to tweak this one to fit the individual needs of your home. If you have any questions about the matrix, please contact Wendy Parker at wparker@svuvt.org. Thanks again for all of your help. Stay safe and take care.
