MESSAGE FROM THE SUPERINTENDENT

Dear Bobcat Families:

We are wrapping up the strangest year of school that anyone can remember. As we are finalizing the 2020-21 school year, we also need to look forward to next year. Our hope is that we will be starting school with students in attendance on August 19, 2021 and things will be back to normal. We will be preparing for a normal school year as well as other possibilities. One of the keys for us to plan appropriately is to have accurate enrollment numbers. This allows us to determine how many sections we need at different grade levels and what kinds of courses we can offer at the high school. Please register your child(ren) as soon as you are able so we can begin planning for next year.

Sincerely
Jay Streicher

HEALTH REQUIREMENTS

The Health Office welcomes you to a new school year. Please use the information in this letter to prepare for the upcoming school year by scheduling appointments early to avoid the rush prior to the start of school. Please feel free to reach any of the districts health offices if you have any questions and/or concerns by calling 815.498.2338, ext. 1330.

All physical examination and immunization requirements are due by **August 19, 2021**.

Per Board of Education Policy 7:100, unless an exemption or extension applies, the failure to comply with the below requirements by October 15th of the current school year will result in the student's exclusion from school until the required health forms are presented to the District. New students who register after October 15th of the current school year shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15th, the student must present, by October 15th, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by the physician, advanced practice nurse, physician assistant, or local health department responsible for administering the immunizations.

PHYSICAL EXAMINATIONS

The State of Illinois requires physical examinations for students entering Pre-K, Kindergarten, Sixth Grade, and Ninth Grade. The examination must have taken place within one year prior to the first day of school and documented on the School Physical Form.

IMMUNIZATIONS

All immunizations that are required by the Illinois Department of Public Health, including the month/day/year and correct number of doses at the correct intervals, must be verified by a health care provider. Parents/Guardians who object to examination(s) or immunization(s) on religious grounds are not required to submit their child or wards to either, provided they present a completed Illinois Certificate of Religious Exemption form. This form must be completed in its entirety by the parent/guardian and signed by the physician, advanced practice nurse, or physician assistant performing the examination. The statement must set forth the specific religious belief which conflicts with the examination(s) and/or immunization(s). Each vaccine that is objected must be listed.

DENTAL EXAMINATIONS

The State of Illinois requires dental examinations for students entering Kindergarten, Second Grade, Sixth Grade, and Ninth Grade. The examination must have taken place on or after November 15th of the previous school year, documented on the Illinois School Dental Examination Form by a licensed dentist and is due prior to May 15th of the current school year.

EYE EXAMINATIONS

The State of Illinois requires eye examinations for students entering Kindergarten as well as students entering Illinois schools for the first time. The examination must have taken place on or after October 15th of the previous school year and documented on the Illinois Eye Examination Report.

STUDENTS TRANSFERRING INTO SOMONAUK #432 SCHOOLS

Students coming from another Illinois school have 30 days to provide copies of mandated health requirements. Students coming from out of state or out of country have 30 days to provide proof of a physical examination completed within the last 12 months and contains all State of Illinois examination requirements, all State of Illinois vaccine requirements, and proof of an eye examination which was completed within the last 12 months. Students entering the Illinois school system at the Kindergarten level or higher for the first time are required to have the eye examination regardless of grade level. If a child transfers in from out of state, out of country, or homeschooling and have never before been in the Illinois system, the eye examination would be required.

PHYSICAL EXAMINATIONS FOR SPORTS PARTICIPATION

Sports examinations are required annually for students wanting to try out and participate in sports in Sixth through Twelfth grades. The mandated Department of Human Services form required for Sixth and Ninth grades will meet the sports requirement. The IHSA form will not meet mandated physical requirements.

LUNCHES

DIRECT CERTIFICATION

Students who are direct certified through assistance from the State of Illinois through SNAP, TANF, or Income-Based Eligible Medicaid, are automatically qualified for free lunches and in association with that eligibility, will have their registration and most school fees waived. Families with foster children may be eligible for benefits regardless of household income. The school districts throughout Illinois receive the lists approximately July 1st of each year. Decisions on free/reduced lunches and fee waivers through the direct certification process will not be applied to your students account until that list is received by Somonauk School District. It could take up to two weeks after July 1st for direct certification status to be applied to individual student accounts. You will receive notification from us when your student's account has been changed to reflect direct certification status, along with notification of the fee waiver either through an email or through USPS mail.

The direct certification list is sent out the first of every month throughout the school year. Once your student qualifies as direct certified, that status remains in place for the entire school year.

FREE AND REDUCED LUNCHES

If your student is not direct certified by August 1st, you will need to fill out an online application for Free/Reduced lunches. Free or reduced lunch eligibility is based on total household income and proof of eligibility must be provided to the school district. Only one application is needed for the entire family and you must complete a new application each school year. Any applications received that are not dated for the 2021-2022 school year must be denied and you will be notified.

These applications are not made available to the District until August 1st. You may apply after that date or at any time throughout the school year if you have a change such as a decrease in household income, an increase in household size, become unemployed, or receive SNAP, TANF, or Medicaid eligible benefits for your child(ren). In the operation of the free lunch program, no child will be discriminated against because of color, national origin, sex, age, or disability.

The program is an online application and is available at <https://www.freereducedlunch.com/somonauk>. If you do not have access to the online application, please call the District Office at 815.498.2315, ext. 1224 or contact your students school office.

HOT LUNCHES

Students may either purchase their lunch at school through the hot lunch program or bring a sack lunch from home. Students with sack lunches may purchase a carton of milk or ala carte items. Outside lunches are not allowed to be brought in (McDonald's, Casey's, etc). Monthly menus are available on the district website.

Deposits can be made online through TeacherEase or turned in before school. Lunch money must be deposited into their lunch accounts and a pin number will be used as they go through the lunch line. There will be no deposits accepted in the lunch lines. Grades 5-12 are offered ala carte items for lunch and prices vary depending on the menu.

Additional information regarding the hearing procedures will be provided to the parents or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

SCHOOL CANCELLATIONS

In the case of an overnight snow event, we may delay the start of school one or two hours to allow snow plows time to make the roads safe. Please develop a plan for your family in the event that this takes place.

If we cannot safely open school, we will cancel it for the day. It may be a remote learning day or will be made up at the end of the year. This will be communicated at the time of the event. Every effort will be made to make this announcement by 6:00 am.

RECYCLING

We invite you to bring your mixed paper, plastic, tin, and glass to any of the three schools and drop it in the recycle bins. Bins are located by the cafeteria door at the high school, by the bus barn, and in the south middle school parking lot.
