Local Practices for Outpatient Services

- Collection of various providers: social workers, psychologists, psychiatrists and psychiatric nurse practitioners (both of whom can prescribe medication), mental health counselors and others
- The Practice may or may not take public insurance/third party reimbursement, such as Managed Medicaid, Child Health Plus, etc.
- Each provider may accept different insurances
- Each provider may vary in their treatment of adolescents, adults or both
- Websites typically include biographies of all providers, where it may indicate with what age range they work, what they may specialize in and whether or not they are accepting new clients
- May have multiple sites, so be sure the provider you are considering works closer to Tonawanda

Check Your Health Insurance Website/Provider Manual

- You can obtain a list of providers covered by your insurance. Start with Mental Health or Behavioral Health. Some website then have filters, where you can search by specialty areas, such as anxiety, trauma, grief, etc.
- You can contact your child's school counselor or social worker, who may be able to provide suggestions based on your options

Counseling Assistance Program of Tonawanda (CAP-T)

- Outpatient mental health services, provided by Best Self Behavioral Health, at Tonawanda High School
- Elementary students may be linked, but must be transported to appointments by family
- Similar to other outpatient services, in that families utilize health insurance or private pay
- Only available Thursday 8:00am-5:00pm and Friday 8:00am-3:00pm
- Priority is given to families with transportation issues. Limited spots are available and there may be a wait list
- Contact Joelle Labert, High School Social Worker at 213-4625

Crisis Intervention

- Available 24 hours/day
- Used for phone consultation
- Can conduct home visits to assess safety and determine if evaluation at the hospital is necessary

CARES: Crisis and Re-Stabilization Emergency Services

882-4357 (882-HELP)

Emergency Evaluation/ Inpatient Services

- Conduct evaluations at their hospital to assess safety and determine if admission to the psychiatric unit is necessary

Erie County Medical Center-CPEP

462 Grider St, Buffalo 14215

898-3465

*Present at the emergency room and indicate you are seeking a psychiatric evaluation

BryLin Hospital 1263 Delaware Ave, Buffalo 14209

886-8200

*You MUST call first. Do NOT just present there, as they do not have an emergency room. Hours are 7:00am-11:00pm

Support for Primary Care Physicians (Sometimes used if considering prescribing medication but would like input)

- Phone consultation for primary care physicians with a child/adolescent psychiatrist
- Available Monday through Friday 9:00am-5:00pm
- Calls are ONLY accepted by physicians; families cannot call themselves

Child and Adolescent Psychiatry for Primary Care (CAPPC)
