

HS Planning Team

09/12/2019

Agenda:

1. First days of school - update/feedback

Switching classes only goes until tomorrow 9/12/2019.

Scheduling will be discussed and drop add may change for next year. This is also a trend that was discussed with the Principals group by Mr. Brown. Many schools conclude drop add by end of June.

Also, we are looking at the number of study halls students have---this number was reduced since last year.

Boces---concern of drops for upper-level courses through getting credits for Math.

Subcommittee---forming to discuss this: Pam Kiely, Dave Mercer, Jeanne Kasprovicz, Deb Shaffer, Robin Sesnie, Maureen Zarcone.

2. Open House - thoughts for a different process

Some interest in making it more of a relaxed atmosphere.

Connect it to a night like a locker set up, etc.

HS Planning team members will take it back to our departments and come back with recommendations.

We also discussed ideas for class meetings and how to adjust the school schedule along with making time for class meetings.

3. Passes -

1 student 1 pass, pink pass only.

Be mindful of the frequent flyers

Students need a pass to leave the building.

4. MyConferenceTime -

This is being worked on

5. Google Classroom - classes, pushing information

The group gave positive feedback about this.

6. Conference Requests-

Conference Time is what will be used. Mike will be sharing the process with the staff about the process for clarification.

1. Sign up at MyLearningPlan
2. Print registration description from MyLearning Plan and attach this to the conference request form.
3. You will then put your information on PDP Premier (this will not be approved until Mike has the conference request form.)
4. Mike will then approve
5. Submit the teacher summary form

There will be an email coming out.

7. Tech. apps. - Nearpod, etc.
We continue to work on this and hopefully will gain more tech access. Mary Beth has asked that at department chairs to discuss Nearpod to gain numbers of staff that use as it is expensive...also if there is more about programs used or things we may have to look into.
8. Upcoming events
 - a. UNYTS Blood drive - Sept. 19
 - b. Student pictures - Sept. 19 & 20
 - c. Financial Aid Night - Sept. 26 (6-8:30pm)
9. Concerns???
 - a. Subcommittee for Academics at BOCES on Monday, Sept. 23 @ 2:40pm
