Graduation Gown change: Letter read from O. Oravek regarding her reasons for thinking we need to change. She thinks the change would encourage unity and not division. She acknowledged that it is too late for this year's graduation. Students already had senior pictures taken in the traditional gowns. Rachel LaDue came to the meeting to speak about the topic. She sees both sides but doesn't think this is an issue for the majority of students. Resolution for now is not to change and Jessica will talk to the junior class advisors to see if it is something we need to consider for next year.

Career Fair: Guidance Counselors went to a career fair and got some names of people who would be willing to come to our career fair. Maggie questioned whether ours would be a "Career" or "Job" Fair. We are waiting on available date from Buildings & Grounds.

Reminder of procedure for when a student gets an 85 on Final exam but fails the class: From January 2015 "If a student is failing a course (Regents or local) and scores an 85 or higher on the final exam, they will receive a 65 for the final course grade."

School Vulnerability Report – Tabled

Outside restaurant food being brought into school – doesn't violate our food service contract. However, we are going to discourage this from happening. Parents who drop off food will be told that the food will be held in the security office until the students' lunch. Seniors coming back from Senior Privileges will be held in security until the bell rings too.
