

Daily Use and Care of the Chromebook

- Never pile things on top of the chromebook.
- Keep the chromebook in the district-issued case at all times.
- Limit the number of items carried within a backpack with the chromebook to limit the amount of pressure applied to the chromebook screen.
- Do not leave the chromebook out in extreme heat or cold.
- Do not leave the chromebook in a vehicle or place it on top of a vehicle.
- Keep food, drink, pets, etc. away from the chromebook at all times.
- Do not drop the chromebook as the screen is made of glass and will break.
- Do not leave the chromebook unattended at any time.

Daily Use and Care Continued...

- Do not alter the chromebook in any manner that will change the district settings.
- Do not remove the serial number or identification sticker on the chromebook.
- Do not lend your chromebook to a classmate, friend, or family member.
- Clean the chromebook with a soft, dry, anti-static cloth or with a screen cleaner designed specifically for LCD type screens.
- Fully charge the chromebook each night with the proper chromebook A/C adapter.
- Do not attempt to repair a damaged or malfunctioning chromebook. All damaged and malfunctioning chromebooks need to be taken to the media center.
- Do not upgrade the chromebook operating system.
- Do not remove or circumvent the management system installed on each Chromebook. This includes removing restrictions or "jail breaking" the device.
- Avoid touching the screen with pens or pencils. Use an appropriate stylus or finger.
- Students are responsible for the safety and security of their chromebook.
- Students are permitted to take the chromebook home.
