**Meal Site FAQs**

**Q. Is an application required to receive meals?**

A. No. Any child 18 and younger who needs meals may receive them.

**Q. Who is allowed to pick up meals for children if the children cannot get to a meal site?**

A. A parent or guardian should drive to a meal site to pick up the food. Children may accompany the parent but are not required to.

**Q. What if a parent is not able to get to a site during the time it is open?**

A. Another responsible person may pick up the meals for the children; a note from the parent/guardian is appreciated.

**Q. What information does the parent/guardian need to bring?**

A. Parents/guardians will be asked how many children meals are needed for.

**Q. What safety measures are in place during meal pickup at the sites?**

A. We are using a drive-up approach, Drivers are asked to remain in vehicles and will tell the staff how many children meals are needed for. The staff will place the number of meals asked for on a table and step back. The driver will then get out of the vehicle and retrieve the meals.

**Q. May a parent or child walk to a meal site?**

A. Yes. For safety reasons, we do encourage driving up to a site, but staff will gladly direct and serve those walking to a site.
