Attention All 2020 Spring Student-Athletes:

Chelan High School spring student-athletes are expected to return all items checked out to them for their individual spring sports to their spring coaches starting **Monday – May 11th.**

We are sensitive to the current circumstances, however, the issued uniforms and equipment have to be returned just like they would be at the end of the spring sports season.

Student-athletes have been checked out uniforms, equipment, backpacks, bags, etc. for their participation in their individual sports. All items must be returned so they can be inventoried and stored for future seasons.

Each coach at the end of the week will give Mr. Rainville the inventory of these items. If a student-athlete doesn't turn in their assigned uniforms and equipment to their coach, they will receive a fine. If those student-athletes are **SENIORS**, the fine would create you not getting a diploma until the fine is paid or until the items are returned. If the student-athlete is an underclassman the fine would not allow you to participate in fall sports or off-season activities.

I am asking each student-athlete and all parents to please help by getting these items returned to your spring coach.

Please be on the lookout for communication from your coach about where to return your uniforms and equipment.

Should there be an issue with returning times and locations, each spring coach will contact Mr. Rainville/Mrs. Mackey to allow things to be returned to CHS. Returning items to CHS won't start until **Wednesday May 13th.** At CHS there will be boxes and sign in sheets to check in your equipment with Mr. Rainville.

Please reach out to your spring coaches to make sure you are cleared and that you have clear instructions on returning your equipment and uniforms.

Any questions? Please don't hesitate to call.

Rob Rainville- Chelan District Athletic Director
