Dear Parents and Guardians,

Happy Mother's Day to all our mothers, moms, mommas, mommies, and mas. Enjoy your special day and the weekend.

Below are a few updates and an announcement from Chartwells, our school meals partner, about a program it has to send smiles to people living in their residential facilities.

Distance Learning Survey Results

Included with this letter are the results from the recent Distance Learning Survey. We had 621 responses representing students across all grade levels. The results provide affirmation that the majority of people are supportive with the programming we are providing during distance learning. Thank you for taking the time to complete the surveys and leave comments and suggestions. We will use the results to inform decisions

Chartwells Send A Happy Mother's Day Smile Program

In our Morrison Living senior communities, extra precautions are in place which does not allow residents to receive visitors or gather in groups. We are working to rally children across the country to help "Send a Smile" that will be delivered to seniors with their meals. Morrison Living serves more than 475 communities across the country and over 70,000 residents! We think that's a lot of people who deserve a smile. Our hope is that we can collectively deliver thousands and thousands and thousands of letters across the country. We'd love to count on Lebanon Public Schools to share even more SMILES ☺!

We have developed a fun activity packet for students to print at home and have some fun with. The packet features spaces for students to introduce themselves, draw a picture or write a letter. Once completed, students and families can simply drop it in the mail and our team will take care of delivering it to brighten a senior's day. Thank you for your continued support and partnership!
