CHROMEBOOK USAGE PROCESS AND PROCEDURES SUMMARY

These process and procedures outline a standard for usage and breakage fees, as well as the associated billing and communication steps required to enforce the policy.

Fee structure

- **Breakage Fee:** In the event that a student physically damages their issued device, a breakage fee will be levied. If the student has broken the screen on their device, a charge of \$30.00 per instance will be charged to the student. Other physical damage (broken keyboards, housings, etc) fees will be weighted based on the age of the Chromebook per the list below.

Chromebook devices: \$230.00 These above fees will only be charged in the case that a Chromebook needs to be replaced in order for a student to have a working device. If the damaged device is still capable to be fully used in the instruction environment, this fee will not be charged. Students will be returned the same Chromebook they were assigned the year previously.

- **Lost Equipment:** In the event that the student loses either their Chromebook or power charger, a replacement fee will be charged. Fees are listed below.

Chromebook: \$230.00 Power charger: \$30.00

Fee communication

If a student accrues a breakage fee, the following templates should be used to communicate to the parents or guardians of the student via email. Two notices via email are sent to parent and guardians. If no response is provided, a letter is sent via postal mail.

Screen replacement email:

"Good afternoon, Today _____ brought his Chromebook into the office. He had cracked the screen, and it needed to be replaced. According to the usage agreement since this is his first offense there is a fine of \$30 that will be due. Please have him bring that payment to the office tomorrow. We have received his Chromebook and issued him a replacement. If you have any questions, please let me know. Have a great day."

Charger replacement email will state the same as above.
