Warroad High School Distance Learning Grading Plan

Based on the recommendations placed by the Minnesota Department of Education in the May 1st Creating Equitable Grading Systems during COVID-19 document, no student should be deemed a "Failure," by receiving the grade of F.

The High School will adopt the following plan:

Grades 7-8 - Students who do not earn a 60% or above will receive a "Not Pass." No student will be retained. Necessary supports and additional resources will be available to students during the 2020-2021 school year. Additional time had been given throughout distance learning and in the final 1.5 weeks leading to the end of the trimester.

Grades 9-12 - The High School will continue with its current path of students earning letter grades. The following are guidelines for students who will not have earned a 60% or higher by the end of Trimester 3:

CORE CLASSES (Required for Graduation)

- Students will be assigned a grade of "Incomplete."
- The student will be able to earn a "Pass" through successful completion of Credit Recovery in June.
- If a student does not complete the requirements of Credit Recovery during this time the student will earn a "Not Pass." Students will be allowed to recover this credit through taking the class again or through credit recovery.
- Seniors who needed the credit to graduate, may receive additional options to ensure the best chance possible to receive their diploma by the end of June.

ELECTIVES

Students will be assigned a grade of "Not Pass." Students will be given the opportunity to retake the class. Students were given extended deadlines throughout distance learning and zero new assignments during the last week of school.

*A student who earns a "Not Pass" (NP) will not receive credit for the class.

*The minimum requirement of 45% in a course to qualify for Credit Recovery will be waived for courses taken during Trimester 3. Students earning a 45% to 59.9% may receive a reduced workload to achieve a "Pass" for the course.
