2023-24 BPS Athletic Registration Flyer

In order to be eligible to participate in BPS Athletics, you must have a current physical and current registration. Your athlete will join a Google Classroom which will be updated with their physical and registration status frequently.

- **Physicals** are considered current for thirteen months after the date of exam. If at all possible, it is recommended to have your physical done prior to the season so that you are covered for the entirety and do not risk interruption in eligibility.
- **BPS Athletic Registration...**
 - Runs from June 1, 2023 through the first competition in Spring. In other words, starting June 1, you can register your child for the following Fall, Winter, or Spring sports. When Spring sports' competitions begin, registrations are no longer accepted until they begin again in the following June. Registration must be updated annually to be considered current.
 - Can be found in the Parent Portal on Infinite Campus. Follow the steps on the next page.
- **Complete** all the steps through the last section "Athletics."
 - In the sections that ask for uploads of documents, please do not upload a physical in the 'immunization' line. Athletics will not be notified if you do!
 - If you have more than one student in the district, the system will **require** you to update all information for each student prior to submitting. **If you did not receive a confirmation email with an application number, it did not go through! (See steps on next page)**
- If you are having issues with your **Parent Portal account**, or you do not have one, please e-mail portalhelp@branfordschools.org with your name, and your student's name.

2. Physical: Athletes must also have an updated physical on file in the nurse's office. Physicals are good for 13 months from the date of the exam.
