7:00PM

Dale Street School Cafeteria, 45 Adams Street, Medfield, MA

We need your input as we begin to finalize the Preliminary Design Program. The information and feedback gathered to date will be reviewed. The Preliminary Design Program is the document that collects and presents the due diligence performed on behalf of the Educational Programming and Site Selection process for the Dale Street School. It will be used to inform the selection of the preferred Grade Configuration, Educational Program Plan and Site Selection. The communal goal is to arrive at an appropriate, comprehensive, elementary school design that will provide a positive, 21st Century learning environment for our children. The Dale Street School Project will benefit the entire Medfield Community by improving and increasing educational opportunities for our students.
