

# LIBERTY CHRISTIAN PREPARATORY SCHOOL

## 2019-2020 FINANCIAL SUPPORT

At Liberty Christian Prep we offer a great education at an affordable cost to our families. Our current tuition and fee rates go directly to supplies, building maintenance, and staff salaries. This leaves very little room for technology upgrades and improvements needed for our program. The solution to fulfilling these needs comes through fundraising. In previous years we have utilized many different forms of fundraising most of which required selling products. This year we're communicating our specific needs to families and community members to ask for financial support directly.

Below is a list of the needs we are focusing on for the 2019-2020 school year.
