## ROLE OF AND GUIDING PRINCIPLES FOR EMPLOYEES

This series of the board policy manual is devoted to the board's goals and objectives for employees in the performance of their jobs. Employees provide a variety of important services for the children of the school district community. They may be teaching or assisting in the classroom, working in the office, maintaining the facilities, driving or repairing the school buses, or cooking lunches. Each employee plays a vital role in providing an equal opportunity for a quality education for students. While the teachers have the most direct impact on the formal instruction of students, all employees have an impact on the school environment by their dedication to their work and their actions. As role models for the students, employees will promote a cooperative, enthusiastic, and supportive learning environment for the students.

In striving to achieve a quality education program, the board's goal is to obtain and retain qualified and effective employees. The board will have complete discretion to determine the number, the qualifications, and the duties of the positions and the school district's standards of acceptable performance. It is the responsibility of the superintendent to make recommendations to the board in these areas prior to board action. The board recognizes its duty to bargain collectively with duly certified collective bargaining units.

Board policies in this series relating to general employees will apply to employees regardless of their position as a licensed employee, classified employee, substitute or administrator. Board policies relating to licensed employees will apply to positions that require a teaching license or administrator's certificate or other professional license, certificate or endorsement, unless administrative positions are specifically excluded from the policy or a more specific policy is in the 300 series, Administration. Classified employees' policies included in this series will apply to positions that do not fall within the definition of licensed employee.

## EQUAL EMPLOYMENT OPPORTUNITY

The Easton Valley Community School District will provide equal opportunity to employees and applicants for employment in accordance with applicable equal employment opportunity and affirmative action laws, directives and regulations of federal, state and local governing bodies. Opportunity to all employees and applicants for employment includes hiring, placement, promotion, transfer or demotion, recruitment, advertising or solicitation for employment, treatment during employment, rates of pay or other forms of compensation, and layoff or termination. The school district will take affirmative action in major job categories where women, men, minorities and persons with disabilities are underrepresented. Employees will support and comply with the district's established equal employment opportunity and affirmative action policies. Employees will be given notice of this policy annually.

The board will appoint an affirmative action coordinator. The affirmative action coordinator will have the responsibility for drafting the affirmative action plan. The affirmative action plan will be reviewed by the board at least every two years.

Individuals who file an application with the school district will be given consideration for employment if they meet or exceed the qualifications set by the board, administration, and Iowa Department of Education for the position for which they apply. In employing individuals, the board will consider the qualifications, credentials, and records of the applicants without regard to race, color, creed, sex, national origin, religion, age, sexual orientation, gender identity or disability. In keeping with the law, the board will consider the veteran status of applicants.

Prior to a final offer of employment for any teaching position the school district will perform the background checks required by law. The district may determine on a case-by-case basis that, based on the duties, other positions within the district will also require background checks. Based upon the results of the background checks, the school district will determine whether an offer will be extended. If the candidate is a teacher who has an initial license from the BOEE, then the requirement for a background check is waived.

Advertisements and notices for vacancies within the district will contain the following statement: "The Easton Valley Community School District is an EEO/AA employer." The statement will also appear on application forms.

Inquiries by employees or applicants for employment regarding compliance with equal employment opportunity and affirmative action laws and policies, including but not limited to complaints of discrimination, will be directed to the Affirmative Action Coordinator by writing to the Affirmative Action Coordinator, Easton Valley Community School District, 439 Wilson St, Miles, Iowa 52064.

## EMPLOYEE CONFLICT OF INTEREST

Employees' use of their position with the school district for financial gain is considered a conflict of interest with their position as employees and may subject employees to disciplinary action.

Employees have access to information and a captive audience that could award the employee personal or financial gain. No employee may solicit other employees or students for personal or financial gain to the employee without the approval of the superintendent. If the approval of the superintendent is given, the employee must conduct the solicitations within the conditions set by the superintendent. Further, the superintendent may, upon five days notice, require the employee to cease such solicitations as a condition of continued employment.

Employees will not act as an agent or dealer for the sale of textbooks or other school supplies. Employees will not participate for personal financial remuneration in outside activities wherein their position on the staff is used to sell goods or services to students or to parents. Employees will not engage in outside work or activities where the source of information concerning the customer, client or employer originates from information obtained because of the employee's position in the school district.

It will also be a conflict of interest for an employee to engage in any outside employment or activity which is in conflict with the employee's official duties and responsibilities. In determining whether outside employment or activity of an employee creates a conflict of interest, situations in which an unacceptable conflict of interest is deemed to exist will include, but not be limited to, any of the following:

- (1) The outside employment or activity involves the use of the school district's time, facilities, equipment and supplies or the use of the school district's badge, uniform, business card or other evidences of office to give the employee or the employee's immediate family an advantage or pecuniary benefit that is not available to other similarly situated members or classes of members of the general public. For purposes of this section, a person is not "similarly situated" merely by being related to an employee who is employed by the school district.
- (2) The outside employment or activity involves the receipt of, promise of, or acceptance of more or other consideration by the employee or a member of the employee's immediate family from anyone other than the school district for the performance of any act that the employee would be required or expected to perform as part of the employee's regular duties or during the hours during which the employee performs service or work for the school district.
- (3) The outside employment or activity is subject to the official control, inspection, review, audit or enforcement authority of the employee during the performance of the employee's duties.

If the outside employment or activity is employment or activity in (1) or (2) above, the employee must cease the employment of or activity. If the activity or employment falls under (3), then the employee must:

## EMPLOYEE CONFLICT OF INTEREST

Cease the outside employment or activity; or

Publicly disclose the existence of the conflict and refrain from taking any official action or performing any official duty that would detrimentally affect or create a benefit for the outside employment or activity.

Official action or official duty includes, but is not limited to, participating in any vote, taking affirmative action to influence any vote, or providing any other official service or thing that is not available generally to members of the public in order to further the interests of the outside employment or activity.

It is the responsibility of each employee to be aware of and take the necessary action to eliminate a potential conflict of interest should it arise.

NEPOTISM

More than one family member may be an employee of the school district. It is within the discretion of the superintendent to allow one family member employed by the school district to supervise another family member employed by the school district [*subject to the approval of the board*].

The employment of more than one individual in a family is on the basis of their qualifications, credentials and records.

***NOTE: School district employment of more than one family member is permissible by law. School districts, however, have the discretion to prohibit the hiring of family members. Boards that choose to prohibit nepotism should do so in board policy.***

***Boards that permit nepotism may want to add certain requirements to the hiring of family, such as requiring board approval prior to hire. It is recommended that one family member not be allowed to supervise or evaluate another family member unless the superintendent or board approves it. This policy is written to permit nepotism and, upon approval of the superintendent, one family member may supervise another. The clause in brackets can be added to the policy if the board also want to approve the supervisory issue.***

## EMPLOYEE COMPLAINTS

Complaints of employees against fellow employees should be discussed directly between employees. If necessary, complaints will be brought directly to the immediate supervisor, principal or superintendent and will be made in a constructive and professional manner. Complaints will never be made in the presence of other employees, students or outside persons.

A formal grievance procedure is contained in the master contract between the employee's licensed bargaining unit and the board. This policy will not apply to a complaint that has been or could be filed at the employee's discretion under that formal grievance procedure.

## EMPLOYEE RECORDS

The school district will maintain personnel records on employees. The records are important for the daily administration of the educational program, for implementing board policy, for budget and financial planning, and for meeting state and federal requirements.

The records will include, but not be limited to, records necessary for the daily administration of the school district, salary records, evaluations, application for employment, references, and other items needed to carry out board policy. Employee personnel files are school district records and are considered confidential records and therefore are not generally open to public inspection or accessibility. Only in certain limited instances, when the employee has given a signed consent, will employee personnel records be accessible to individuals other than the employee or authorized school officials.

Employees may have access to their personnel files, with the exception of letters of reference, and copy items from their personnel files at a time mutually agreed upon between the superintendent and the employee. The school district may charge a reasonable fee for each copy made. Employees, however, will not be allowed access to the employment references written on behalf of the employee. Board members will generally only have access to an employee's file when it is necessary because of an employee related matter before the board.

It is the responsibility of the superintendent to keep employees' personnel files current. The board secretary is the custodian of employee records.

It is the responsibility of the superintendent to develop administrative regulations for the implementation of this policy.

***NOTE: This is not a mandatory policy but is a recommended one. It reflects current state and federal laws protecting the confidentiality and retention of employee records. Separate medical files is a requirement of the American with Disabilities Act. For more detailed discussion of this issue, see IASB's Policy Primer, Vol. 13 #2 – February 15, 2000.***

Actual and necessary travel expenses will include, but not be limited to, transportation and/or mileage costs, lodging expenses, meal expenses and registration costs.

### Travel Outside the School District

Pre-approval will include an evaluation of the necessity of the travel, the reason for the travel and an estimate of the cost of the travel to qualify as approved school district business. Travel outside the school district by employees, other than the superintendent, is approved by the superintendent.

Reimbursement for actual and necessary expenses will be allowed for travel outside the school district if the employee received pre-approval for the travel. Prior to reimbursement of actual and necessary expenses, the employee must provide the school district with a detailed receipt, indicating the date, purpose and nature of the expense for each claim item. In exceptional circumstances, the superintendent may allow a claim without proper receipt. Written documentation explaining the exceptional circumstances is maintained as part of the school district's record of the claim.

Failure to have a detailed receipt will make the expense a personal expense. Personal expenses, including mileage, in excess of that required for the trip are reimbursed by the employee to the school district no later than 10 working days following the date of the expense.

Reimbursement for actual and necessary expenses for travel outside the school district will be limited to the pre-approved expenses. Pre-approved expenses for registration are limited to the actual cost of the registration.

## EMPLOYEE TRAVEL COMPENSATION

Travel Within the School District

Employees required to travel in their personal vehicle between school district buildings to carry out the duties of their position may be reimbursed at current state mileage rate per mile. It is the responsibility of the superintendent to approve travel within the school district by employees. It is the responsibility of the board to review the travel within the school district by the superintendent through the board's audit and approval process.

Employees who are allowed an in-school district travel allowance will have the amount of the allowance actually received during each calendar year included on the employee's W-2 form as taxable income according to the Internal Revenue Code.

The superintendent is responsible for developing administrative regulations regarding actual and necessary expenses, in-school district travel allowances and assignment of school district vehicles. The administrative regulations will include the appropriate forms to be filed for reimbursement to the employee from the school district and the procedures for obtaining approval for travel outside of and within the school district.

RECOGNITION FOR SERVICE OF EMPLOYEES

The board recognizes and appreciates the service of its employees. Employees who retire or resign may be honored by the board, administration and staff in an appropriate manner.

If the form of honor thought appropriate by the administration and employees involves unusual expense to the school district, the superintendent will seek prior approval from the board.

***NOTE: Because of the constitutional limitations on the use of public funds, it is questionable whether a school district can use public funds for recognition of employees. School districts that have a practice of recognizing resigning or retiring employees should have a board policy, and the superintendent should document why a certain expenditure is appropriate.***

CREDIT CARDS

Employees may use school district credit cards for the actual and necessary expenses incurred in the performance of work-related duties. Actual and necessary expenses incurred in the performance of work-related duties include, but are not limited to, fuel for school district transportation vehicles used for transporting students to and from school and for school-sponsored events, payment of claims related to professional development of the board and employees, and other expenses required by employees and the board in the performance of their duties.

Employees and officers using a school district credit card must submit a detailed receipt in addition to a credit card receipt indicating the date, purpose and nature of the expense for each claim item. Failure to provide a proper receipt will make the employee responsible for expenses incurred. Those expenses are reimbursed to the school district no later than ten working days following use of the school district's credit card. In exceptional circumstances, the superintendent or board may allow a claim without proper receipt. Written documentation explaining the exceptional circumstances is maintained as part of the school district's record of the claim.

The school district may maintain a school district credit card for actual and necessary expenses incurred by employees and officers in the performance of their duties. The superintendent may maintain a school district credit card for actual and necessary expenses incurred in the performance of the superintendent's duties. The transportation director may maintain a school district credit card for fueling school district transportation vehicles in accordance with board policy.

It is the responsibility of the superintendent to determine whether the school district credit card use is for appropriate school business. It is the responsibility of the board to determine through the audit and approval process of the board whether the school district credit card used by the superintendent and the board is for appropriate school business.

The superintendent is responsible for developing administrative regulations regarding actual and necessary expenses and use of a school district credit card. The administrative regulations will include the appropriate forms to be filed for obtaining a credit card.

## PUBLIC COMPLAINTS ABOUT EMPLOYEES

The board recognizes situations may arise in the operation of the school district which are of concern to parents and other members of the school district community. While constructive criticism is welcomed, the board desires to support its employees and their actions to free them from unnecessary, spiteful, or negative criticism and complaints that do not offer advice for improvement or change.

The board firmly believes concerns should be resolved at the lowest organizational level by those individuals closest to the concern. Whenever a complaint or concern is brought to the attention of the board it will be referred to the administration to be resolved. Prior to board action however, the following should be completed:

- (a) Matters should first be addressed to the teacher or employee.
- (b) Unsettled matters from (a) above or problems and questions about individual attendance centers should be addressed to the employee's building principal for licensed employees and the superintendent for classified employees.
- (c) Unsettled matters regarding licensed employees from (b) above or problems and questions concerning the school district should be directed to the superintendent.
- (d) If a matter cannot be settled satisfactorily by the superintendent, it may then be brought to the board. To bring a concern regarding an employee, the individual may notify the board president in writing, who may bring it to the attention of the entire board, or the item may be placed on the board agenda of a regularly scheduled board meeting in accordance with board policy 214.1.

It is within the discretion of the board to address complaints from the members of the school district community, and the board will only do so if they are in writing, signed, and the complainant has complied with this policy.

***NOTE: School districts with a different procedure for addressing complaints about employees should insert it here.***

EMPLOYEE OUTSIDE EMPLOYMENT

The board believes the primary responsibility of employees is to the duties of their position within the school district as outlined in their job description. The board considers an employee's duties as part of a regular, full-time position as full-time employment. The board expects such employees to give the responsibilities of their positions in the school district precedence over any other employment.

It is the responsibility of the superintendent to counsel employees, whether full-time or part-time, if, in the judgment of the superintendent and the employee's immediate supervisor, the employee's outside employment interferes with the performance of the employee's duties required in the employee's position within the school district.

The board may request the employee to cease the outside employment as a condition of continued employment with the school district.

EMPLOYEE PHYSICAL EXAMINATIONS

Good health is important to job performance. Employees will present evidence of good health, in the form of a physical examination report, prior to their employment with the school district.

School bus drivers will present evidence of good health every other year in the form of a physical examination report unless otherwise required by law or medical opinion. Bus drivers must have a DOT physical. Employees whose physical or mental health, in the judgment of the administration, may be in doubt will submit to additional examinations, when requested to do so, at the expense of the school district.

The cost of the initial examination will be paid by the School District. The form indicating the employee is able to perform the duties for which the employee was hired must be returned prior to payment of salary. The cost of bus driver renewal physicals will be paid by the school district up to a maximum of up to \$80.00. The school district will provide the standard examination form to be completed by the personal physician of the employee. Employees identified as having reasonably anticipated contact with blood or infectious materials will receive the Hepatitis B vaccine or sign a written waiver stating that they will not take the vaccine.

It is the responsibility of the superintendent to write an exposure control plan to eliminate or minimize district occupational exposure to bloodborne pathogens. The plan for designated employees will include, but not be limited to, scope and application, definitions, exposure control, methods of compliance, Hepatitis B vaccination and postexposure evaluation and follow-up, communication of hazards to employees, and record keeping.

The requirements stated in the master contract between employees in that certified collective bargaining unit and the board regarding physical examinations of such employees are followed.

**NOTE: All school district employees, on initial hire, must present a form which states that employees are physically able to perform the employee's duties. Bus drivers must present the form at initial employment and every other year thereafter, unless required by law or medical opinion. ## COMMUNICABLE DISEASES - EMPLOYEES

Employees with a communicable disease will be allowed to perform their customary employment duties provided they are able to perform the essential functions of their position and their presence does not create a substantial risk of illness or transmission to students or other employees. The term "communicable disease" will mean an infectious or contagious disease spread from person to person, or animal to person, or as defined by law.

Prevention and control of communicable diseases is included in the school district's bloodborne pathogens exposure control plan. The procedures will include scope and application, definitions, exposure control, methods of compliance, universal precautions, vaccination, post-exposure evaluation, follow-up, communication of hazards to employees and record keeping. This plan is reviewed annually by the superintendent and school nurse.

The health risk to immunodepressed employees is determined by their personal physician. The health risk to others in the school district environment from the presence of an employee with a communicable disease is determined on a case-by-case basis by the employee's personal physician, a physician chosen by the school district or public health officials.

Health data of an employee is confidential and it will not be disclosed to third parties. Employee medical records are kept in a file separate from their personal file.

It is the responsibility of the superintendent, in conjunction with the school nurse, to develop administrative regulations stating the procedures for dealing with employees with a communicable disease.

***NOTE: This policy is consistent with current health practices regarding communicable diseases. The bloodborne pathogen language in the second paragraph and accompanying regulation is in compliance with federal law on control of bloodborne pathogens.***

## HEPATITIS B VACCINE INFORMATION AND RECORD

### The Disease

Hepatitis B is a viral infection caused by the Hepatitis B virus (HBV) which causes death in 1-2% of those infected. Most people with HBV recover completely, but approximately 5-10% become chronic carriers of the virus. Most of these people have no symptoms, but can continue to transmit the disease to others. Some may develop chronic active hepatitis and cirrhosis. HBV may be a causative factor in the development of liver cancer. Immunization against HBV can prevent acute hepatitis and its complications.

### The Vaccine

The HBV vaccine is produced from yeast cells. It has been extensively tested for safety and effectiveness in large scale clinical trials.

Approximately 90 percent of healthy people who receive two doses of the vaccine and a third dose as a booster achieve high levels of surface antibody (anti-HBs) and protection against the virus. The HBV vaccine is recommended for workers with potential for contact with blood or body fluids. Full immunization requires three doses of the vaccine over a six-month period, although some persons may not develop immunity even after three doses.

There is no evidence that the vaccine has ever caused Hepatitis B. However, persons who have been infected with HBV prior to receiving the vaccine may go on to develop clinical hepatitis in spite of immunization.

### Dosage and Administration

The vaccine is given in three intramuscular doses in the deltoid muscle. Two initial doses are given one month apart and the third dose is given six months after the first.

### Possible Vaccine Side Effects

The incidence of side effects is very low. No serious side effects have been reported with the vaccine. Ten to 20 percent of persons experience tenderness and redness at the site of injection and low grade fever. Rash, nausea, joint pain, and mild fatigue have also been reported. The possibility exists that other side effects may be identified with more extensive use.

## HEPATITIS B VACCINE INFORMATION AND RECORD

**CONSENT OF HEPATITIS B VACCINATION**

I have knowledge of Hepatitis B and the Hepatitis B vaccination. I have had an opportunity to ask questions of a qualified nurse or physician and understand the benefits and risks of Hepatitis B vaccination. I understand that I must have three doses of the vaccine to obtain immunity. However, as with all medical treatment, there is no guarantee that I will become immune or that I will not experience side effects from the vaccine. I give my consent to be vaccinated for Hepatitis B.

**REFUSAL OF HEPATITIS B VACCINATION**

I understand that due to my occupational exposure to blood or other potentially infectious materials I may be at risk of acquiring the Hepatitis B virus infection. I have been given the opportunity to be vaccinated with Hepatitis B vaccine at no charge to myself. However, I decline the Hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring Hepatitis B, a serious disease. If in the future I continue to have occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with the Hepatitis B vaccine, I can receive the vaccination series at no charge to me.

## UNIVERSAL PRECAUTIONS REGULATION

Universal precautions (UP) are intended to prevent transmission of infection, as well as decrease the risk of exposure for employees and students. It is not currently possible to identify all infected individuals, thus precautions must be used with every individual. UP pertain to blood and other potentially infectious materials (OPIM) containing blood. These precautions do not apply to other body fluids and wastes (OBFW) such as saliva, sputum, feces, tears, nasal secretions, vomitus and urine unless blood is visible in the material. However, these OBFW can be sources of other infections and should be handled as if they are infectious. The single most important step in preventing exposure to and transmission of any infection is anticipating potential contact with infectious materials in routine as well as emergency situations. Based on the type of possible contact, employees and students should be prepared to use the appropriate precautions prior to the contact. Diligent and proper hand washing, the use of barriers, appropriate disposal of waste products and needles, and proper decontamination of spills are essential techniques of infection control. All individuals should respond to situations practicing UP followed by the activation of the school response team plan. Using common sense in the application of these measures will enhance protection of employees and students.

### Hand Washing

Proper hand washing is crucial to preventing the spread of infection. Textured jewelry on the hands or wrists should be removed prior to washing and kept off until completion of the procedure and the hands are rewashed. Use of running water, lathering with soap and using friction to clean all hand surfaces is key. Rinse well with running water and dry hands with paper towels.

- Hands should be washed before physical contact with individuals and after contact is completed.
- Hands should be washed after contact with any used equipment.
- If hands (or other skin) come into contact with blood or body fluids, hands should be washed immediately before touching anything else.
- Hands should be washed whether gloves are worn or not and, if gloves are worn, after the gloves are removed.

### Barriers

Barriers anticipated to be used at school include disposable gloves, absorbent materials and resuscitation devices. Their use is intended to reduce the risk of contact with blood and body fluids as well as to control the spread of infectious agents from individual to individual. Gloves should be worn when in contact with blood, OPIM or OBFW. Gloves should be removed without touching the outside and disposed of after each use.

## UNIVERSAL PRECAUTIONS REGULATION

### Disposal of Waste

Blood, OPIM, OBFW, used gloves, barriers and absorbent materials should be placed in a plastic bag and disposed of in the usual procedure. When the blood or OPIM is liquid, semi-liquid or caked with dried blood, it is not absorbed in materials, and is capable of releasing the substance if compressed, special disposal as regulated waste is required. A band-aid, towel, sanitary napkin or other absorbed waste that does not have the potential of releasing the waste if compressed would not be considered regulated waste. It is anticipated schools would only have regulated waste in the case of a severe incident. Needles, syringes and other sharp disposable objects should be placed in special puncture-proof containers and disposed of as regulated waste. Bodily wastes such as urine, vomitus or feces should be disposed of in the sanitary sewer system.

### Clean up

Spills of blood and OPIM should be cleaned up immediately. The employee should:

- Wear gloves.
- Clean up the spill with paper towels or other absorbent material.
- Use a solution of one part household bleach to one hundred parts of water (1:100) or other EPA-roved disinfectant and use it to wash the area well.
- Dispose of gloves, soiled towels and other waste in a plastic bag.
- Clean and disinfect reusable supplies and equipment.

### Laundry

Laundry with blood or OPIM should be handled as little as possible with a minimum of agitation. It should be bagged at the location. If it has the potential of releasing the substance when compacted, regulated waste guidelines should be followed. Employees who have contact with this laundry should wear protective barriers.

### Exposure

An exposure to blood or OPIM through contact with broken skin, mucous membrane or by needle or sharp stick requires immediate washing, reporting and follow-up.

- Always wash the exposed area immediately with soap and water.
- If a mucous membrane splash (eye or mouth) or exposure of broken skin occurs, irrigate or wash the area thoroughly.
- If a cut or needle stick injury occurs, wash the area thoroughly with soap and water.

The exposure should be reported immediately, the parent or guardian is notified, and the person exposed contacts a physician for further health care.

HAZARDOUS CHEMICAL DISCLOSURE

The board authorizes the development of a comprehensive hazardous chemical communication program for the school district to disseminate information about hazardous chemicals in the workplace.

Each employee will annually review information about hazardous substances in the workplace. When a new employee is hired or transferred to a new position or work site, the information and training, if necessary, is included in the employee's orientation. When an additional hazardous substance enters the workplace, information about it is distributed to all employees, and training is conducted for the appropriate employees. The superintendent will maintain a file indicating which hazardous substances are present in the workplace and when training and information sessions take place.

Employees who will be instructing or otherwise working with students will disseminate information about the hazardous chemicals with which they will be working as part of the instructional program.

It is the responsibility of the superintendent to develop administrative regulations regarding this program.

***NOTE: This policy reflects current law on employees' right to know about hazardous substances in the workplace.***

SUBSTANCE-FREE WORKPLACE

The board expects the school district and its employees to remain substance free. No employee will unlawfully manufacture, distribute, dispense, possess, use, or be under the influence of, in the workplace, any narcotic drug, hallucinogenic drug, amphetamine, barbituate, marijuana or any other controlled substance or alcoholic beverage as defined by federal or state law. "Workplace" includes school district facilities, school district premises or school district vehicle, also includes nonschool property if the employee is at any school-sponsored, school-approved or school-related activity, event or function, such as field trips or athletic events where students are under the control of the school district or where the employee is engaged in school business.

If an employee is convicted of a violation of any criminal drug offense committed in the workplace, the employee will notify the employee's supervisor of the conviction within five days of the conviction.

The superintendent will make the determination whether to require the employee to undergo substance abuse treatment or to discipline the employee. An employee who violates the terms of this policy may be subject to discipline up to and including termination. *[An employee who violates this policy may be required to successfully participate in a substance abuse treatment program approved by the board.]* If the employee fails to successfully participate in a program, the employee may be subject to discipline up to and including termination.

The superintendent is responsible for publication and dissemination of this policy to each employee. In addition, the superintendent will oversee the establishment of a substance-free awareness program to educate employees about the dangers of substance abuse and notify them of available substance abuse treatment programs.

It is the responsibility of the superintendent to develop administrative regulations to implement this policy.

***NOTE: This is a federally mandated policy and is in compliance with federal law. There is an option in the third paragraph that allows the board to require the employee to complete a treatment program. This option is not a federal requirement but may be added by the board. If this sentence is left in the policy, corresponding changes need to be made in the accompanying regulation and exhibits.***

## SUBSTANCE-FREE WORKPLACE REGULATION

A superintendent who suspects an employee has a substance abuse problem will follow these procedures:

1. **Identification** - the superintendent will document the evidence the superintendent has which leads the superintendent to conclude the employee has violated the Substance-Free Workplace policy. After the superintendent has determined there has been a violation of the Substance-Free Workplace policy, the superintendent will discuss the problem with the employee.
2. **Discipline** - if, after the discussion with the employee, the superintendent determines there has been a violation of the Substance-Free Workplace policy, the superintendent may recommend discipline up to and including termination [*or may recommend the employee seek substance abuse treatment*]. Participation in a substance abuse treatment program is voluntary.
3. [**Failure to participate in referral** – *if the employee refuses to participate in a substance abuse treatment program or if the employee does not successfully complete a substance abuse treatment program, the employee may be subject to discipline up to and including termination.*]
4. **Conviction** - if an employee is convicted of a criminal drug offense committed in the workplace, the employee must notify the employer of the conviction within five days of the conviction.

## DRUG AND ALCOHOL TESTING PROGRAM

Employees who operate school vehicles are subject to drug and alcohol testing if a commercial driver's license is required to operate the school vehicle and the school vehicle transports sixteen or more persons including the driver or the school vehicle weighs twenty-six thousand one pounds or more. For purposes of the drug and alcohol testing program, the term "employees" includes applicants who have been offered a position to operate a school vehicle.

The employees operating a school vehicle as described above are subject to pre-employment drug testing and random, reasonable suspicion and post-accident drug and alcohol testing. Employees operating school vehicles will not perform a safety-sensitive function within four hours of using alcohol. Employees governed by this policy are subject to the drug and alcohol testing program beginning the first day they operate or are offered a position to operate school vehicles and continue to be subject to the drug and alcohol testing program as long as they may be required to perform a safety-sensitive function as it is defined in the administrative regulations. Employees with questions about the drug and alcohol testing program may contact the school district contact the Superintendent at 439 Wilson St, Miles, Ia 52064

Employees who violate the terms of this policy are subject to discipline, up to and, including termination.

It is the responsibility of the superintendent to develop administrative regulations to implement this policy in compliance with the law. The superintendent will inform applicants of the requirement for drug and alcohol testing in notices or advertisements for employment.

The superintendent will also be responsible for publication and dissemination of this policy and supporting administrative regulations and forms to employees operating school vehicles. The superintendent will also oversee a substance-free awareness program to educate employees about the dangers of substance abuse and notify them of available substance abuse treatment resources and programs.

IASB Drug and Alcohol Testing Program (IDATP) Web site: <http://www.ia-sb.org/MemberBenefits.aspx?id=304>

*NOTE: It is important for the school district to read this policy and its supporting documents and the notes very carefully. This policy and its supporting documents assume the school district employs its drivers and owns the school vehicles rather than contracts with a private service provider with its own drug and alcohol testing program. School districts contracting with a private service provider must ensure the provider has a drug and alcohol testing program complying with the federal regulations.*

*Compliance with the regulations is the responsibility of the school district even if the school district uses a service provider. Boards need to determine who will be responsible for administering the drug and alcohol testing program in the second paragraph and make that determination throughout the policies and regulations.*

*This policy and its supporting documents also assume private contractors and nonpublic schools participating in the Iowa Drug and Alcohol Testing Program (IDATP) have chosen to test only under the federal regulations and not to test under state law.*

*This policy and its supporting documents terminate a driver for violation of the policy and its supporting documents. Such a violation includes a positive drug test result. Should a school district, after careful consideration, choose to retain the option not to terminate for violation of this policy, consideration should be given to making the following changes:*

## EMPLOYEE CONDUCT AND APPEARANCE

Employees are role models for the students who come in contact with them during and after school hours. The board recognizes the positive effect employees can have on students in this capacity. To this end, the board strongly suggests and encourages employees to dress themselves, groom themselves and conduct themselves in a manner appropriate to the educational environment.

Employees will conduct themselves in a professional manner. Employees will dress in attire appropriate for their position. Clothing should be neat, clean, and in good taste. Discretion and common sense call for an avoidance of extremes which would interfere with or have an effect on the educational process.

Licensed employees of the school district, including administrators, will follow the code of ethics for their profession as established by the Iowa Board of Educational Examiners.

## LICENSED EMPLOYEE QUALIFICATIONS, RECRUITMENT, SELECTION

Persons interested in a licensed position, other than administrative positions which will be employed in accordance with board policies in Series 300, "Administration," will have an opportunity to apply and qualify for licensed positions in the school district without regard to age, race, creed, color, sex, national origin, religion, sexual orientation, gender identity or disability. Job applicants for licensed positions will be considered on the basis of the following:

- Training, experience, and skill;
- Nature of the occupation;
- Demonstrated competence; and,
- Possession of, or ability to obtain, state license if required for the position.

Announcement of the position is in a manner which the superintendent believes will inform potential applicants about the position. Applications for employment may be obtained from and completed applications are returned to the school district administrative office. Whenever possible, the preliminary screening of applicants will be conducted by the administrator who will be directly supervising and overseeing the person being hired.

The board will employ licensed employees after receiving a recommendation from the superintendent [*except the superintendent may hire teachers without approval of the board*]. The superintendent, however, will have the authority to employ a licensed employee on a temporary basis until a recommendation can be made and action can be taken by the board on the position.

The requirements stated in the Master Contract between employees in the certified collective bargaining unit and the board regarding qualifications, recruitment and selections of such employees will be followed.

***NOTE: Marital status is not a protected class for employees. The class may be added at the discretion of the board. Boards may delegate the hiring of teachers to the superintendent. If the board decides to do so, the delegation must be in board policy so boards should either accept the language in the board policy or develop their own. LICENSED EMPLOYEE CONTINUING CONTRACTS

Contracts entered into with licensed employees, other than an administrator, will continue from year to year unless the contract states otherwise, is modified by mutual agreement between the board and the employee, or the contract is terminated by the board.

The first three years of a new licensed employee's contract is a probationary period unless the employee has already successfully completed the three year probationary period in an Iowa school district. New employees who have successfully completed a probationary period in a previous Iowa school district will serve a one year probationary period. In the event of termination of the employee's contract during this period, the board will afford the licensed employee appropriate due process. The action of the board will be final.

Licensed employees whose contracts will be recommended for termination by the board will receive notice prior to April 30. The superintendent will make a recommendation to the board for the termination of the licensed employee's contract.

Licensed employees who wish to resign, to be released from a contract, or to retire must comply with board policies in those areas.

LICENSED EMPLOYEE WORK DAY

The work day for licensed employees will begin each day of the school year at a time established by the superintendent. Licensed employees who are employed only during the academic year will have the same work day as other licensed employees. "Day" is defined as one work day regardless of full-time or part-time status of an employee.

Licensed employees are to be in their assigned school building during the work day. Advance approval to be absent from the school building must be obtained from the principal whenever the licensed employees must leave the school building during the work day.

The building principal is authorized to make changes in the work day in order to facilitate the education program. These changes are reported to the superintendent.

The work day outlined in this policy is a minimum work day. Nothing in this policy prohibits licensed employees from working additional hours outside the work day.

The requirements stated in the Master Contract between employees in the certified collective bargaining unit and the board regarding work day of such employees will be followed.

## LICENSED EMPLOYEE EVALUATION

Evaluation of licensed employees on their skills, abilities, and competence is an ongoing process supervised by the building principals and conducted by approved evaluators. The goal of the formal evaluation of licensed employees, other than administrators, but including extracurricular employees, is to improve the education program, to maintain licensed employees who meet or exceed the board's standards of performance, to clarify the licensed employee's role, to ascertain the areas in need of improvement, to clarify the immediate priorities of the board, and to develop a working relationship between the administrators and other employees.

The formal evaluation criteria is in writing and approved by the board. The formal evaluation will provide an opportunity for the evaluator and the licensed employee to discuss performance and the future areas of growth. The formal evaluation is completed by the evaluator, signed by the licensed employee and filed in the licensed employee's personnel file. This policy supports, and does not preclude, the ongoing informal evaluation of the licensed employee's skills, abilities and competence.

Licensed employees will be required to:

- Demonstrate the ability to enhance academic performance and support for and implementation of the school district's student achievement goals.
- Demonstrate competency in content knowledge appropriate to the teaching position.
- Demonstrate competency in planning and preparation for instruction.
- Use strategies to deliver instruction that meets the multiple learning needs of students.
- Use a variety of methods to monitor student learning.
- Demonstrate competence in classroom management.
- Engage in professional growth.
- Fulfill professional responsibilities established by the school district.

It is the responsibility of the superintendent to ensure licensed employees are evaluated. New and probationary licensed employees are evaluated at least twice each year.

The requirements stated in the Master Contract between employees in the certified collective bargaining unit and the board regarding evaluation of such employees will be followed.

***NOTE: There is no legal requirement that probationary employees be evaluated twice a year, but it is the standard practice. School districts that evaluate probationary employees only once per year need to amend the fourth paragraph to reflect their practice. LICENSED EMPLOYEE PROBATIONARY STATUS

The first three years of a new licensed employee's contract is a probationary period unless the employee has already successfully completed the probationary period in an Iowa school district. New employees who have successfully completed a probationary period in a previous Iowa school district will serve a one year probationary period. For purposes of this policy, an employee will have met the requirements for successfully completing a probationary period in another Iowa school district if, at the teacher's most recent performance evaluation, the teacher received at least a satisfactory or better evaluation and the individual has not engaged in conduct which would disqualify the teacher for a continuing contract.

Only the board, in its discretion, may waive the probationary period. The board may extend the probationary period for one additional year with the consent of the licensed employee. The board will make the decision to extend or waive a licensed employee's probationary status based upon the superintendent's recommendation. During this probationary period the board may terminate the licensed employee's contract at year-end or discharge the employee in concert with corresponding board policies.

Licensed employees may also serve a probationary period based upon their performance. Such probationary period is determined on a case-by-case basis in light of the circumstances surrounding the employee's performance as documented in the employee's evaluations and personnel file.

LICENSED EMPLOYEE RESIGNATION

A licensed employee who wishes to resign must notify the superintendent in writing within the time period set by the board for return of the contract. This applies to regular contracts for the licensed employee's regular duties and for an extracurricular contract for extra duty. Resignations of this nature will be accepted by the board.

The board may require an individual who has resigned from an extracurricular contract to accept the resigned position for only the subsequent school year when the board has made a good faith effort to find a replacement and the licensed employee is continuing to be employed by the school district.

## LICENSED EMPLOYEE CONTRACT RELEASE

Licensed employees who wish to be released from an executed contract must give at least twenty-one days notice to the superintendent. Licensed employees may be released at the discretion of the board. Only in unusual and extreme circumstances will the board release a licensed employee from a contract. The board will have sole discretion to determine what constitutes unusual and extreme circumstances.

Release from a contract will be contingent upon finding a suitable replacement. Licensed employees requesting release from a contract after it has been signed and before it expires may be required to pay the board the cost of advertising incurred to locate and hire a suitable replacement. Upon written mutual agreement between the employee and the superintendent, the costs may be deducted from the employee's salary. Payment of these costs is a condition for release from the contract at the discretion of the board. Failure of the licensed employee to pay these expenses may result in a cause of action being filed in small claims court.

The superintendent is required to file a complaint with the Iowa Board of Educational Examiners against a licensed employee who leaves without proper release from the board.

***NOTE: School districts may charge employees for costs incurred in finding a replacement. Employees can only be charged costs, not "penalties." The costs cannot be withheld from money owed the employee unless the employee agrees. If costs are not withheld from moneys owed to the employee, the school district must bill the employee. If the employee fails to pay, the school district's only option for reimbursement is to file a claim in small claims court. The school district also has the option of filing a complaint with the Iowa Board of Educational Examiners stating the employee has engaged in unprofessional conduct.***

LICENSED EMPLOYEE RETIREMENT

Licensed employees who will complete their current contract with the board may apply for retirement. No licensed employee will be required to retire at a specific age.

Application for retirement will be considered made when the licensed employee states in writing to the superintendent, no later than the date set by the board for the return of the employee's contract to the board, the intent of the employee to retire. The letter must state the employee's desire to retire and be witnessed by another party other than the principal or the superintendent. Applications made after the date set by the board for the return of the employee's contract to the board may be considered by the board if special circumstances exist. It is within the discretion of the board to determine whether special circumstances exist.

Board action to approve a licensed employee's application for retirement is final and such action constitutes nonrenewal of the employee's contract for the next school year.

Licensed employees who retire under this policy may qualify for retirement benefits through the Iowa Public Employees Retirement System.

Licensed employees and their spouse and dependents are allowed to continue coverage in the school district's group health insurance program at their own expense by meeting the requirements of the insurer.

***NOTE: Mandatory retirement ages are a violation of federal law. The witnessing of the retiring employee's letter is to protect the school district in the event an employee alleges that the school district forced the employee to retire.***
