2022-23 Meal Prices - I do not like being the bearer of bad news, but one thing that is returning back to the pre pandemic era will be the elimination of federal funding for free meals for all students. Due to the change, the EGF ISD 595 Board of Education approved the following meal prices on Monday, July 11, 2022. **PLEASE NOTE** - Please stay tuned for regular communications about the food service program from the school district and each building. Free and reduced meal application information will be communicated to families and posted on the school district website in the near future. **Please plan for the transition back to normal food service pricing and strongly consider applying for free and reduced meals when the information becomes available.**
