Greetings EGF Families and Staff Members,

It looks like Mother Nature is planning to impact our area in the next couple of days and we will need to be prepared. I hope the weather system takes a turn and misses our region, but it looks like we could get several inches of snow. Please review the following information and feel free to contact me if you have any questions or concerns.

Thank you!

Mike Kolness

EGF Superintendent of Schools

School District Updates (please read ASAP)

Winter Weather Information - The weather forecast for the next two days is concerning and there is a chance that we may not be in session. The District adopted an E-Learning Plan in August and a link to more information about the Plan is listed below. Storm make-up days are built into the official school district calendar and the decision to use an e-learning day or storm make-up day will be up to district administrators. Staff members have been preparing students for a potential e-learning day. For clarification purposes, I want staff members and families to know that the first storm day of the school year will be an e-learning day and the second one (if needed) will be a storm make-up day. I would prefer to not have any storm days, but the safety of our students and staff members will always come first, and storm days will be used when needed.
