

HOME STREET MIDDLE SCHOOL

Visitors Policy

Home Street Middle School welcomes parents and guardians to visit the school. However, due to concerns of student safety, we ask that the following policy is followed regarding visits to the school:

Classroom visitations require advance arrangements and approval by the campus administration. Persons having business with the school must report directly to the Office for proper clearance. Visitors must enter the campus through the main office to inquire about the visitation privilege. Failure to comply with the above request may result in illegal trespassing as defined by Penal Code 626.8 and Ed. Code 32211.
