Dear Parents/Guardians

All Students

We are beginning the process of bagging student’s belongings that were left in the lockers in March. Items left in lockers will be put into plastic bags with the student’s name, grade and locker number. The lock that was assigned to you will be put into that bag as well. We will have designated days and times for students to come to the school and pick up their bags. The days of pick-up will be by grade and alphabetical order. The bags will be put outside of the front of the school to be picked up. Students will be responsible for checking the bags before they leave the school property and any school-related books assigned to you, please drop off on the tables also located in the front of the school. Please note that during the pick-up, all social distancing guidelines will be observed.

**If you have any books at home, please do not return them at this time. We will have a textbook return time at a later date.**

Please find the schedule below for pick-up days and times:
