

MCHS GRAPHING CALCULATOR

STUDENT PLEDGE FORM

As indicated in the course description book, TI-84 plus calculators are required of all students in math classes. The calculators are necessary 21st century tools for students to perform math calculations and interpret graphs. They may also be used on national college placement test such as the ACT and SAT.

Please indicate your preferred option for meeting the calculator requirement:

- _____ 1. Purchase my own calculator.
- _____ 2. Buy a calculator from the high school by making a one-time payment of \$115. First come first serve in district office - **ONLY 2 AVAILABLE!**
- _____ 3. Rent a calculator at a cost of a \$25 non-refundable fee per year.

If you selected option #3 you understand that this calculator is on loan to you for the current school year only. You agree to return it in working order to your math teacher no later than **immediately following my final exam** or upon your withdrawal from the course. Furthermore, you understand that if you fail to return the rental calculator \$115 will be added to your school fees.

Regardless of which option you selected above please complete the information below (please print):

Date: _____ Calculator Serial number: _____

Student name: _____

Student signature: _____

Parent name: _____

Parent signature: _____
