Personally identifiable information shall be collected and maintained in a confidential manner in carrying out the following activities:

REFERRAL

Preschool children ages 3 through 5 and students enrolled in K-12 who are suspected of having disabilities, which may require special and related services, may be referred for screening evaluation through the local school. Zion School may coordinate with the Sooner Start Early Intervention Program in referrals for identification and evaluation of infants and toddlers who may be eligible for early intervention services from birth through 2 years of age or for special education and related services beginning at 3 years of age. The Oklahoma Area wide Service Information System (OASIS), through a toll free number (1- 800-42- OASIS), also provides statewide information and referrals to local schools and other service providers.

SCREENING

Screening activities may include vision, hearing, and health. Other screening may include review of records and educational history; interviews; observations; and specially developed readiness or educational screening instruments.

(1) Readiness Screening

Personally identifiable information is collected on all kindergarten and first grade students participating in school wide readiness screenings to assess readiness prior to entry into kindergarten and first grade. Results of the screening are made available to parents or legal guardians, teachers, and school administrators. No child shall be screened for readiness or evaluated without prior notice to the child's parent or legal guardian or whose parent or legal guardian has filed a written objection with the local school district.

(2) Educational Screening

Educational screening includes accepted procedures for the identification of children who may have special learning needs and may be eligible for special education and related services in accordance with the Individuals with Disabilities Education Act (IDEA). Each school district in the State provides educational screening. No child shall be educationally screened without prior notice to the child's parent or legal guardian or whose parent or legal guardian has filed a written objection with the local school district.

- *Educational screening is implemented for all first grade students each school year.*
- *Second through eighth grade students shall be screened as needed or upon request of the parent, legal guardian, or teacher.*
- *Students entering the public school system from another state or from within the state without previous educational screening shall be educationally screened within 6 months from the date of such entry.*

(3) Language Screening

Parents are asked to complete a Home Language Survey. The survey is used to identify students who speak a language other than English in their homes. Based on survey information, eligible students may be tested in the areas of oral language, listening, reading, writing, and comprehension. Test scores on the language test may be used to design tutoring programs that assist students with English language acquisition.

EVALUATION

Evaluation means procedures used in accordance with Federal laws and regulations to determine whether a child has a disability and the nature and extent of the special education and related services that the child needs. The term means a procedure used selectively with an individual child and does not include basic tests administered or procedures used with all children in a school, grade, or class. Written consent of the parent or legal guardian for such evaluation must be on file with the Zion School prior to any child receiving an initial evaluation for special education and related services purposes. Collection of Personally Identifiable Information Educational records containing personally identifiable information collected by schools in the identification, location, screening, and evaluation of children shall be maintained in accordance with Family Educational Rights and Privacy Act (FERPA) and the Policies and Procedures for Special Education in Oklahoma.
