Heather Van Mater
Director of Transportation

Date: May 22, 2023

To: Parents of Hopewell Valley Regional Schools Students
From: Hopewell Valley Regional School Transportation Department

Subject: Alternative Transportation Arrangements for the 2023-24 School Year.

Student bus passes for the upcoming school year will be emailed at the end of August 2023.
Assigned bus stops and times will be to and from your home unless otherwise requested in writing.

If you will be arranging daycare or babysitting for your child that requires transportation to and from stops other than the assigned stop. Please complete and return the form below to the Transportation Office by August 1, 2023. Please note, this option will only be available in the beginning of the school year. Any and all future changes will be handled on a case-by-case basis.

Alternate transportation arrangements are made available as a courtesy.
These arrangements must be for 5 days per week and only permissible when there is room on the bus.

It is our goal to provide the best transportation experience possible for your child. If you have any questions, please call us at 609-737-4002 ext. 2804. Thank you.
